## Synopsis

Weremole Kira Kolanowski has spent 29ish years of her life half blind and occasionally half dead. (Her family isn't exactly loving.) In an effort to remain fully alive, she moves to Grayslake, Georgia, with her poor excuse for a guide dog - a guide dog who decides to lift his leg and relieve himself on sexy-smelling werebear Isaac Abrams' belongings. And when he roars...well, it makes her heart go pitter-patter and other parts go "ooh baby, ooh baby". Just when she thinks she might have found happiness, a raving she-b\*tch werebear chick tries to kill her with the same poison that scarred Isaac to hell and back. The poison that Kira's family happens to manufacture.... Isaac Abrams is leaving Grayslake. He's tried - Lord, how he's tried - to settle into life in Grayslake after the birth of his niece, but it's not happening. He's been home for a year, and it's been 365-plus days of women looking past him and flat-out pretending he doesn't exist. The battle with the hyenas didn't just ruin his face; it ruined his chances at finding a mate in his hometown. So, he's leaving. Or, he was leaving, until one day a lush, curvaceous weremole wanders into his half-packed house....

## Customer Reviews

I loved Grayslake 5 book series. Reread in anticipation of the Kindle Worlds books, slated for the end of March. I missed reviewing the first time around, reading late into the night, when you shouldn't, and forget to do later, is my excuse. Love the new covers! I love Celia Kyle's books. I know there will be humor, drama, unique characters that you will love, hate and be surprised by, and R rated sexy time.No, If, Ands, or BearsTy Abrams is the Sheriff and Bear Clan Itan, leader, of Grayslake Ga. He meets his mate, Mia Baker, on a domestic disturbance call. Mia is half human

bear that is not able to shift. She recently moved to Grayslake into her Grandfather's home at his request after he died. She finds a young bear shifter hiding in her pantry. When he is terrified at a male bear shifter yelling and pounding on her door, she steps up to protect him. Ty and Mia but heads from their first meeting. Mia has a rough time adjusting to living with the Clan. She was raised away from the clans by her half bear father, and visited her Grandfather. Many Clan members are not happy about their Itan mating what they view as a human, including Ty's enforcer and younger brother Van. When the Hyena's are found to be involved in a murder plot and a take down of another Clan, the Clan forms an Alliance with the Wolf Alpha to take them on. I loved Ty and Mia's story. I love Terrance, the Itan of the entire Southeast, and the wolf Alpha Reid Bennett. A fast paced, steamy love story. The story contains child abuse, and rape no graphic details, violent against women as well as speciesism/racism. if these are issues for you, you may want to pass on this book.

**All Roar & No Bite.** Van Abrams is the a Sheriffs Deputy and the Bear Clan's head Enforcer. He is Ty's younger brother. Van hates humans, though he is fond of his brother's half human mate Mia. He meet his human mate responding to a domestic disturbance at the Grayslake Mayors home. Lauren Evans comes to the aid of her best friend Anna who has been abused by her husband the Mayor. She gets into an altercation that results in both their arrests. It is soon clear that the Mayor is out to get Lauren and Anna. Anna finds safety and a mate in Martin, a bear, Sheriffs deputy and one of Van's enforcers. Van has to over come his hatred of humans, stemming from a childhood trauma, if he hope to have a chance with his mate Lauren. Van has a lot to deal with, trying to get to know his mate, keeping her safe while he looks for evidence that the Mayor is trying to kill her, than there is Morgan that pain in the A\$\$ Wolf Pack Beta, who he coordinating the purge of the hyena clan. Loved Ty and Laurens's story. Love that Wolf Alpha Reid Bennett. A fast paces and steamy love story. Contains violence against women, speciesism/racism.

**Roaring Up the Wrong Tree** Keen Abrams is the youngest of the Abrams brothers, and more than a few years younger than his 3 older brothers. He became the de facto Keeper for the Clan when Mia met Ty and then needed information on Clan history and law. Keen is looked at by his brothers as a care free, player, and is dismissed and often ignored by his older brothers, except when they need something. Mia knows better, she knows his carefree persona hinds how strong a bear he is, stronger than any of his older brothers, and very smart man with no desire to lead. She is on his side, offering comfort, support and sisterly love. Keen meets his mate, Trista Scott, at the local convince store running another demining errand for his brothers, Trista is, human, bear and half hyena. The bastard daughter of the former hyena alpha and 1/2 sister to the now deceased current alpha. She has lived her entire life moving between the Bear, Wolf and Hyena territories under the protection of laws

governing all shifters. When Keen brings her home to protect her, she faces hostility from Ty, and Van tries to kill her. Even though he has Mia and Lauren on his side he chooses his mate over his Clan. The Wolf Alpha, Reid Bennett, has been after Trista for years. He has a vendetta against her father, who beat and raped his mother, and wants to destroy his line. He gets his chance when her time runs out and she has stayed too long in the Bear Clan Territory. Reid has the backing of Morgan the Southeast Itan's Beta who hates anyone mating outside their species, and Quinn the Southeast Keeper who hates Keen. Keen nearly killed Quinn when he was 14 and Quinn 17. Loved Keen and Trista's story. Loved the Abrams brothers' parents. Terrance shows why he is the Southeast Itan. While the Wolf Alpha, Reid Bennett, crossed the line, his reason was compelling, making it hard to hate him for it. A fast-paced and dramatic and heart-breaking love story. Love at First Roar Isaac Abrams is the 3rd brother and the Bear Clan's Healer. Horribly scarred by the poison used by the hyena clan when they attacked Mia, he is ready to leave the Clan. He has been rejected by the female in his clan because of his scarring. His brothers are now all mated and starting families, he wants that. Isaac is hoping his new job with the Southeast Itan's healer will allow him to if not find his true mate at least a woman he can love and who can love him. Kira, KK, Kolanowski, is a 1/2 wolf and mole shifter. She moved to Grayslake to escape the abuse of her pack. Kira is legally blind and meets Isaac, her neighbor, when she is out getting to know the neighborhood with her Ebie her guide dog. Isaac and KK don't get off to a great start. It takes some interference from Isaac's mother, and an attack on Kira before Isaac realizes that she is his mate. He learns that the same poison that was used on him by hyena has been used on her, by her family who make it. Then a seriously injured Zoey shows up on Kira's porch. Zoey is a 1/2 hyena, wolf alpha bitch and Kira's best friend who is like a sister, and she smells like the former wolf Alpha Reid Bennett. Loved Isaac and Kira's story. Loved Zoey. Once again Ty puts his foot in it trying to balance being a brother with being the Itan. The Abrams brothers' parents step in and pull the family together. Alpha Wolf Reid Bennett, who has been made a Bear by the Southeast Itan, finds his lost half sister and considers Kira as well as Trista, who he once tried to kill as sisters. He is a very protective wolf when it comes to his family. He is out for vengeance. Loved Isaac and Kira's story. Loved that Alpha wolf now bear Reid Bennett. Love the Abrams brother's parents. A fast-paced, steamy love story. Howl My Name Reid Bennett, Alpha Wolf, Bear on paper. He has been working for the Southeast Itan, investing problems with clans and cleaning them up. He has been in therapy, working on reconciling his past, he hates it, but is doing it. He has reconciled with the Abrams brothers, they are family. His sister Zoey who is now mated to the Alpha of his old pack is safe and settled. Reid is in Brookfield investing, after a call was received on the hotline asking for help. He rescues a Simone, young

female from an assault, killing the bear, the Clan's Itan. Reid is now the Brookfield Itan. Evelyn Archer is 1/2 human bear shifter, daughter to the Brookfield Alpha. She has only been back in her home Clan for a few weeks and seeing the abuse her father and uncles are committing calls for help. Reid finds Evie half dead and knows she is his mate. While he kills 3 of the Asher brother the worst of them all has escaped. With the help of a few good bears from Grayslake, Reid is determined to heal his new Clan, to make things right. While Reid Bennett is still an extremely dangerous and volatile wolf, he is a good Alpha/Itan, he is a protector. Loved Reid and Evie's story. Really hoping that the series will continue in Brookfield. I think Ash needs a story. He has been a strong secondary character throughout the series. Reid's enforcer needs a story. Owen as well.

I am a bit biased because I enjoy stories with female leads who are not "fiery" but are a bit introverted (like me) so I really like the lead female in this book. Shes a mole and is really not dominant, but she's not a push over either. The think there could have been more explanation or forshadowing about the main antagonist and the chemical stuff. I think some POV's of the antagonist might have helped that. I did not read the other books, so I came a bit late into the story arc. which could be why this seemed a bit unexplained to me, but i got the gist. I did not like the oldest brother in this book which doesn't really make me inclined to back track in the series. He's a bit too controlling and ridged for me, and not in a likable way. I read the last book because the main character in that book was mentioned in this book as being a past bad-guy turned good-guy which I LOVE. Plus he's super dark and snarky which is just all kinds of fun. Anyway, i enjoyed it. Would read it again:)

I love this series and, for the most part, this installment is no exception. Celia Kyle is an excellent writer and I truly enjoy her works. My only problem with this one doesn't even stem from the main characters, but from Ty. The way he was written this time really got on my nerves. Did he learn NOTHING from Keen's ordeal? How many different times is he going to have to get called out for being an oblivious, judgemental, jackass of a brother before he experiences some actual growth as a character? It was, in fact, so similar to the behavior he's already apologized for in previous volumes in the series I found myself rolling my eyes and wondering why this one's family drama couldn't be something new.

There may yet come a day, when I read a book by Celia Kyle, that doesn't make me, furiously angry, giddy with laughter, or tearfully sad, all in the pages of one book. This is not that book;. This

book will take your emotions on a roller coaster ride, and offers up her usual storyline pace, without the ,dragging, in one place, and the spinning in circles in another, you find in so many other books. Grab it, and see for yourself, you won't regret it.

I absolutely loved this book! There's not one thing I would criticize about it! It's the 4th book of the series & I highly recommend all of them but this is indubitably my favorite. I think that's because it has so many facets; it's a shifter story, both Isaac & Keira have scars inside & out, there's danger, there's romance, there's heat, there's lots of family & a lot of humor as well. I've read & liked most everything Celia Kyle writes & the Grayslake series is my favorite - if. If you like shifter romance stories with a family, heat & humor involved then I think you'll like these too!

Absolutely loved it, like the previous books. I LOVE Celia's books, she has a great sense of humour and she has me giggling more often than not. With little laughter in real life, having a good time when reading is important to me I love the characters, the fact that they've all had intense past experiences, and love to know what's happening to the rest of the family as well. Fun, witty, endearing, sizzling hot. Very good management of the different handicaps and physical/emotional scars. Definitely great fun. Are there going to be any more????
