# The Alpha's Bargain (A Paranormal Shifters Romance): Howls Romance

## Synopsis

Dire straights. Rock bottom. Out of options. It's where we were. My pack and I. A simple bargain. A childhood crush. Could it work? In a world of fated mates how would we possibly fake it for everyone? Luca made it all sound so easy. My heart, body, and wolf were on board. I just needed to convince my head. I couldn't deny the alpha he was or the chemistry between us. Only time could tell if it would be for eternity. A not so simple bargain changed it all.

## Customer Reviews

This is part of the Howls Romance series and is a really good book. Caleigh has been keeping the books for her pack and they are drowning. She doesn't know what to do when she finally breaks down and tells her father who is Alpha of the pack that they are losing money. She also tells her best friend who is a member of another pack. They've been best friends since birth and her brother, Luca, is Alpha of their pack. Their packs have always been close and looked out for each other but something this serious doesn't need to get out to the public. Then Luca comes up with a really good plan. There's a lot going on but Luca keeps telling her everything will be ok. Luca is a great Alpha and gets along great with both

packs. I enjoyed reading this book and can't wait to read more in the Howls Romance. It's a great read with some good sex to get the blood flowing. I voluntarily read and reviewed this book that I received from the author.

This book has it all! secrets, lust, heartbreak, love and happily ever after. The chemistry between Luca and Cal sets the book on fire. When I started this book I was not sure how it would turn out, that in itself kept me reading. The determination in Luca and the willingness of Cal only made the story better. With each book in this series, I can't wait for the next one so I can see where the packs may go. I was lucky to have able to read this book as part of Ryan Michele ARC. This is one I will read again.

This is one of my fav wolf shifter books. It has all elements. It's hot, catchy and has alpha hero I adore and strong alpha heroine that I love. Add some drama, which I love and it's a perfect few hours of awesome read.

Wow, I've always loved the way Ryan has written, but my goodness, she outdid herself with Luca and Caleigh!! This book was short but oh so HOT!

I have never once been disappointed in anything coming from Ryan Michele. This is just another to add to my list of favorites!!!

What a wonderful paranormal shifter novel. This book combines some wonderful themes common in most novels. We have the paranormal aspect, which is always great. There is also an alpha male with a bargain thrown in to spice things up a bit. Add the undeniable chemistry between characters and you have one hot novel! The plot of this book drew me in. These two characters have a history together. They have known each other for a long time. I like the idea that one jumps in to offer a bargain to help save the other. It is obvious from the beginning that there is some ulterior motive at play though. Add in the mystery and suspense and this is a wonderful novel. The characters in this book were written wonderfully. I love the spunky Caleigh. I think she speaks to me most because I feel like I relate to her so much. She feels she has the weight of the world on her shoulders. I swear her heart is made of gold. Then you have Luca. I was suspicious of his intentions from word go. I liked getting to know him though. I love alpha males and he is the definition of one. There is plenty of hot and sexy scenes in this book. Like I said before, the chemistry between these characters are off

the chart. Their shared history and their new bargain adds some interesting dynamics into their interactions. What I love even more is the feisty side that comes out of Caleigh due to this new arrangement. This aspect of the book is not lacking. This book has a steady pace. I liked the characters and the plot. For the most part, this book is wonderful. My only complaint is that there seemed to be a bigger plot being introduced, but I felt it fell a little flat. I felt that this plot was not explained well enough to really feel like it is a part of the book. It felt segmented from the story. With that being said, it did not ruin the book or anything, just caused a bit confusion in my mind. Overall, I enjoyed this book. I liked the characters and the plot. There is already a second book being planned and I cannot wait to read more from this author. I would recommend this book to others as I did enjoy it even if it was not a 5 star for me. I hope to see this series continue for at least a couple more books. Ratings: Plot: 5/5 Characters: 5/5 Heat: 5/5 Writing Style: 4/5 Overall: 4/5

**\*\*Received ARC for a fair and honest review\*\*** I'd rate the Alpha's Bargain at 4.5 stars. I really enjoyed this book, it was a fun, fast, hot/steamy read. Caleigh's pack is in serious financial trouble, but they can't just go to a bank, not even a shifter bank to get a loan without coming across to other packs as being weak for not being able to manage their finances properly. Worse yet, not only is she daughter of the Alpha, but she's the one managing their financial matters. When Caleigh hits a low point she talks to her best friend who is also a member of another pack. Thinking that she's helping her friend, she goes to her brother the alpha of the pack, who makes a proposition or bargain with Caleigh to fix the financial issues of her pack. Luca is the alpha of his pack, he's strong, dominant and knows what he wants, and what he wants is Caleigh. This financial issue just gives him an easy solution to get what he wants, Caleigh as his. Caleigh at first comes across as anxious, and meek, but when faced with adversity really steps up and shows that she can be a true alpha leader for the females. When it was first mentioned in the book that she was destined to be an alpha female, I didn't see it, but the author did a great job of developing Caleigh's character. Luca is an alpha male, and is consistent and caring throughout. I really enjoyed the characters, and sub-characters. If you like hot and steamy, you will not be disappointed. I'm hoping Sage gets a story and soon, with the person that is mentioned as having an interest in her in the book-- don't want to give that little spoiler away. The only criticism I have which is why I didn't give the book 5 stars, is though there is an epilogue, the story just ended and the epilogue didn't give me that closure to the story I like-- just my opinion. Hope this helps! Happy Reading!!!
