Story Mode: The Secret Diary Of Jesse: Episode 1: The Order Of The Stone (Minecraft Story Mode)

Synopsis

I am Jesse, and my friends and I are thrown into an awe-inspiring adventure to save the World. While visiting EnderCon, we have awakened something dreadful. And my only hope is to track down the "Order of the Stone", a fabled group of adventurers who killed the legendary Ender Dragon. We have to race against time, travelling across the Overworld, the Nether, to The End and beyond. Story mode series adapt to the choices you make. The story is tailored by how you play. This is my story AND I made it into a diary.

I would like mincraftters to read thisIt is the same as the real game please read this it is so good

Not what I thought. I browsed for "Jesse Stone" and I guess this came up and I didn't fully read the description. For that reason I gave it a two star rating. May be something for someone else.This is not a negative review.

I LOOOOOOOVE Minecraft Story Mode, and I also love this book. But I feel you should've described it more, as I like to be really immersed in a book when I read it. And, one question, did you save Gabriel or Petra? Doesn't matter, but I saved Petra in the game. Other than that, I loved the pictures, the story, and of course the author. But I saw you didn't include some parts of the game, and there were a few typos. I also have another complaint- Jesse didn't scream "can you

through up, like, inside your body?" He didn't! And you almost made it look like he wubs Petra, or something. And one last thing: where did you put the part where Ivor had told them about the minecart rails built by the Order? It doesn't really matter, but if a person who hasn't played the game (unlike me) found out you had left these parts out, they would be a little sad and angry. Besides those major flaws, this book was awesome. But, inspired by you, I've written my own diary of Jesse. Don't get mad, as I didn't rip you off. I know how it feels to get copied off. Don't worry, I didn't even use your title, my title is "The Untold Diary of Jesse", and I didn't let Reuben get the black eye. I also made Jesse think that Lukas wasn't that bad, even though he made him think that he hated Lukas. I loved your book. And the way you made Lukas's last words the end of the book, I loved it! I have an idea for a next book- make a book about how iron golem and villagers became friends, and how Endermen became black. Goodbye. PS, thanks for choosing Ellegaard!!!

The writer has created some truly top notch work here, I bought this for my nephew and to my surprise I found this to be pretty interesting. The transition of the story, the use of the Minecraft story strips, all work together to create a unique and extremely engrossing reading experience. I would definitely recommend this to anyone looking for an extremely catchy storyline with brilliant Minecraft narration.

What a great book it is. I just bought this book for my kid and now I am finding myself too reading this book. The story is too much involving that me and my kid feels as if we have entered the plot of the story. My kid is liking this book too much and we have great time reading it together at the bed time. One of the best books from Minecraft collection. Simply loving it. If you have a desire for mystery and treasure hunt based books, then this one is surely for you. Complete package and every penny spent on it is worth.

I love it when he wrote the beginning or the narrator's script. It is so funny when Axel jumpscared them with a creeper head. And the ending also: Lukas's last words that pumped everyone up. And begging their parents for the next book. GOOD BOOK!!! More stars for you! Rating this more than 5 stars!

ENDER KING YOU CAN DO BETTER THAN THIS ITS SO BAD I HAD TO SKIP SOME PAGES. I LOVE UR OTHER BOOKS DOU.
