Known by many names -- Le Diable, Kouen Gen, Diavolo..., The Diablo has been used throughout the world for centuries and is again experiencing a revival. The Diablo Book is filled with everything beginners and experts need to know: Getting Started, Tricks, Instructions, Diablo Play With A Partner, History, Photos, and Rare Historical Photos And Illustrations.

If you are new to the diabolo and are looking for some help on what to do, then Todd's book is an excellent choice. This book has very clear explanations of the basics, yet still includes enough advanced ideas to keep you busy for quite some time. It also is the only instructional book I have found with a fairly comprehensive history of the art, including pictures ranging from the Diabolo Craze of the early 1900s to shots of modern performers. If you're interested in learning more about the diabolo than just tricks, this book is definitely worth picking up. If you're looking for more advanced diabolo tricks than Todd's book has, then you should check out Donald Grant's series of books (published by Circustuff, and unfortunately not available on .com -- check any juggling prop vendor, they carry them.)

This book allowed me to master many new tricks, I thoroughly enjoyed the entire thing. If you want to increase your hand eye coordination, I suggest a diabolo. It lowered my golf handicap by 5 strokes.
