## Customer Reviews

If you truly wish to know the what's, how's, do's and don'ts about tea, plus read authentic period recipes, this book will not disappoint you. I never realized how much I did NOT know about tea and I've been a tea drinker for years! I'm delighted to read it and imagine myself at Downton, sipping properly from bone china cups, and enjoying chutney-spread, diced meat, delicate sandwiches with chicken and herb mayonnaise! It's a pleasure and a harmless escape!

If you love the British tea ceremony of High, afternoon, or cream tea & are a Downton Fan; this book is for you. It's a small book almost like a pamphlet. It gives a lot of detail about the a proper English tea & quotes from Downton characters here & there. I haven't tried the recipes, but they do look good. Easy storage because the book is so streamline. Came in a timely manor. I would recommend this book to a friend.

I love this little book. I would love to have it in hard copy so I can make tons of notes in it. I read the whole thing in one setting! The whole time I could see a wonderful tea party with the Downton cast as well as with my very good friends. I really liked how Ms. Fellow went thru how the idea of afternoon tea came into being and how we see it today as a refined thing to do. Ms. Fellow thank you for this book!

In honor of the end (sob) of Downton Abbey, and my new found life and friends in Florida, I am planning a Downton Abbey tea and have been searching for inspiration. While I probably won't tackle most of these luscious recipes, the tips in this book will help me find modern replacements

I loved this little book and I was surprised that some felt they were "cheated" because it is a small paperback...I'm a Canadian citizen but love living in the U.S.A. and Canadians still love their tea every day. That's probably why I so enjoyed reading this...I also love using a tea cozy, collecting beautiful old teapots...the photo on the front of the book I would love to frame...

Lovely.

Great book on giving a proper tea; Downton Abby style. A great collection recipes from the show. I love this book ; can't wait to give a Downton Abby Tea for my friends and family.

This is small book. But I have 32 Tea Time cookbooks and this book had only 2 recipes that I already had. So for me I loved that. The "how to's" are just as good as the recipes. And these range from guidelines on tea time it's self to making your condiments and poaching a chicken. Only 62 pages but it is a very good book.
