Judgment Day! Islam, Israel And The Nations

Synopsis

The Truth is More Devastating than Fiction In what is possibly the most comprehensive and clear-cut examination of ancient biblical prophecy and modern-day Middle East politics regarding Islam, Israel, and the nations, *Judgment Day!* is an eye-opening page-turner for scholars, analysts, pastors, professors, politicians, and laypeople alike. Amazing historical facts and first-hand insight make this book a thrilling, sometimes troubling, read—but one that is necessary for an accurate understanding of the prophetic times in which we live. Drawing parallels between the “land for peace” appeasement of Hitler (prior to his systematic extermination of more than 6 million Jews) and today’s strategy of the nations united against Israel is not at all difficult—but Dave Hunt goes much deeper than that. With painstaking clarity and detail, *Judgment Day!* reveals the ancient agenda against the Jews, and traces its twisted trail to modern-day deceptions of U.S. Presidents, foreign ambassadors, covert (and overt) military operations, businesspeople, educators, and world leaders alike. In this no-holds-barred documentary, Dave Hunt skillfully dissects the myth of Palestinian claims to “the Promised Land” and exposes the fraud, deceit, and treachery of an international community allied against the Jewish nation. As the author writes, “In the final analysis, the battle over Israel is a battle for the souls and destiny of mankind. If Islam and the nations siding with her should accomplish their goal of destroying Israel, then mankind [from a biblical perspective] is eternally lost.... Why are the stakes so high? What will the outcome be? Discover the uncomfortable but irrefutable truth in Dave Hunt’s impassioned exposé *Judgment Day!* Hear what Shimon Erem, one of the most celebrated Israeli generals of all time has to say: “Dave Hunt’s *Judgment Day!* has encyclopedic dimensions of the most crucial and vital issues of our times | *Life and Death* issues, which affect us both as individuals and as a Judeo-Christian community. “In 1948, when the State of Israel was just re-established, 600,000 Israelis faced 80 million Arabs! Sixty-thousand ill-trained and ill-equipped Israeli soldiers of a newly organized army (six months old) crushed 600,000 (a ratio of one to ten) soldiers of four Arab armies, well trained and heavily armed, reinforced by units from seven additional Arab countries, not to mention the active help of the British. “Shame and humiliation overwhelmed the whole Islamic world! “To eliminate Israel, a strategy was conceived, establishing the “unholy trinity”: Islamic terrorism, a hostile, anti-Semitic Europe, and a corrupt United Nations. The slogan of conquest is: “First the Saturday people, then the Sunday people. “Europe has already been invaded by hordes of Muslims. It is all there in Dave Hunt’s *Judgment Day!* Who is next? USA?!

“Like the biblical prophets, Dave Hunt has a vision and is not hesitant to issue a Battle Cry. Judgment Day! is a MUST READ and a call to action! “James statement (2:26), Faith without works is dead, cannot be ignored! Not only will Faith be dead, but, alas, the faithful too unless we ACT! Dave Hunt makes it utterly clear in Judgment Day! It is a powerful book! • Shimon Erem, July 2005

Great book; applies to current events between the Islamic religion and Jewish faith...

This is an in depth study of the history of the nations in the Middle East. It is not an easy read, but it is certainly an informative one. Dave Hunt has pointed out that we should look at what nations say in their own religious literature, educational curriculums, and political speeches in their own languages. We should also look at the policies of their governments to see what behavior they approve of. He warns of trying to communicate with someone whose definitions of words are deliberately different from our own and which are misleading. This is a well researched and a

thought provoking book. While I am certainly not a rubber stamp for the author, I think what he has to say is well worth considering and thinking about. I did learn a lot from this book.

Dave Hunt goes to the original sources; the Quran and the Hadith to expose the nature and intent of Islam in the context of terrorism, politics and propaganda. He lets the holy books of Islam speak for themselves in addition to the life and legacy of Mohammed. He points out that Israel is God's chosen nation and that both Israel and the rest of the world would do well to consider this with all due care and responsibility - or neglect it, at their own peril. It is a book which should and does invite further research by the reader; research into the true nature and origin of terrorism to the more personal and eternal issues of truth, faith and salvation.

This is a most informative book which clearly exposes the truth about Islam, and exposes and documents the many injustices of every country against Israel. It also teaches Bible prophecy concerning God's present and future plans concerning Israel. I have been knowledgeable for some years concerning the plight of Israel, Dave Hunt's book opened my eyes greatly concerning how bad it has always been for the Jews.

Judgment Day by Dave Hunt is a good book about current events. In this era of politicians and the media whitewashing Islam and thereby self-imposing Sharia law, it is refreshing to read a book that tells the truth about that hateful, violent and foreign religion. Let's throw political correctness into the garbage can and start to resist!

This book is very helpful in helping one understand the influence of Islam upon international politics. The book is not a new publication and the prognostications Hunt made at that time have proven to be right on the mark. Hunt does not exhibit a hostile attitude towards Muslims but the reality he portrays is disturbing to those who hope for peace any time soon.

An older book and some of the material is dated, but still loaded with pertinent information. Everyone should read this.

Most comprehensive book on Islam ever written. Every American should read this!
