Crystalline Transmission: A Synthesis Of Light (The Crystal Trilogy Vol. 3)

Synopsis

This volume reveals a whole new dimension of crystal awareness, offering guidelines and instruction on how we, as human beings can become as clear as the crystals and develop the full spectrum of the rainbow ray body. The crystals are tools and teachers demonstrating how to materially manifest perfected form. Katrina focuses on how we can align ourselves with the perfect cosmic geometric grid of light (as the crystals so purely demonstrate). This would literally change the frequency at which we vibrate. Emphasising planetary peace, specific information is given to assist individuals in stabilising their personal identity within their own lighted centre of truth, thus establishing entirely new concepts of being. Introduced for the first time are crystals and stones that facilitate this process, the final six Master Crystals and a pure Crystalline Transmission through the writing itself. Included are: specific stones and layouts for individuals suffering from or prone to AIDS; crystals that facilitate the activation of new Chakra centres; tantric layouts for couples; stones and crystals for protection against nuclear radiation; dematerialisation in action; encoded crystals - the cosmic alphabet; crystals and stones for the new race of beings birthing onto the Earth; and, information of many new stones and crystals to serve our unfoldment in the 1990s.

Katrina Raphaell is the best selling author of the Crystal Trilogy: Crystal Enlightenment (1985), Crystal Healing (1987) and The Crystalline Transmission (1989). Known as a pioneer in her field, Katrina founded The Crystal Academy of Advanced Healing Arts in 1986 and has since taught

thousands of students around the world the art, theory and practice of Crystal Healing. She has also trained teachers to carry on her work in Crystal Academy satellites world wide. Her new book, Crystalline Illumination, embodies the last thirteen years of crystal research and is already published in three languages.

There are many books on the use and understanding of crystals but Katrina's thorough offering of her wisdom concerning our partnership with crystals is among this reader's favorites. With an easy to reference format, her explanation and guidance of the special energies and attributes of crystals from selenite to hematite has been helpful to me again and again. I do not profess to be anywhere near her expertise in utilizing the natural energies of these special crystals and stones but I continue to learn as her student what these tools can bring to our spiritual and physical development. Her simple instruction of crystal healings, initiations and meditations are useful to all readers. This book is educational for the reader new to crystal knowledge and to those more advanced in this wisdom. With her detailed guidance of the 12 chakra system I became acquainted for the first time with the Earth Star, a grounding chakra that is apparently 6 inches below the feet. Who knew?? We all have much to learn. Raphaell is direct, speaks in everyday language and moves the reader/student through this work comfortably and methodically. The reader will note with what high respect the author addresses these crystalline friends. I continue to enjoy this book and encourage readers to visit her Crystal Academy website for further accessibility to her teaching and guidance. For those that resonate with the crystals, this book is a valuable resource and an educational tool.

Love energy healing, and this author knows her stuff! tremendous reference guide. Energy work is all about the doing, exploring, experiencing, and allowing the light & energy to flow. Thank You!

If we all live like what the book describes, what a wonderful, Peaceful feeling to know we shall live on this earth and enjoy our short time on this planet and be connected with the mystic truth. And to live this life the best way and to know we are taking care of our home, Our mother earth. Peace to all people and our fellow earthlings that are in our care and we should do what we can as individuals, Thus it becomes a collective whole.:))

Excellent book!

This book is well written, and very sophisticated in its ability to explain difficult concepts with clarity. In comparison to her first 2 books, this one is clearly a culmination of years of experience. Thank you for sharing!

The four books that Katrina wrote are a guide to heal. This book give us important information about the six master crystals, chakra systems, the predominant stones and other important gemstones. She also give us powerful tools to work with, and show how to use it. She introduces the 12 chakras systems, uses higher vibration crystals to activate the chakras. Katrina give the world a gift that help us healed. If all people can understand the importance of this, the people in Earth will be much more peaceful and healthy.

Very informative and helpful outstanding book
