Customer Reviews

I wish I had bought this book even earlier in the selection process for our Ragdoll Kitten because we could have used the questions before we selected our breeder. This is a great book loaded with information and useful tips on finding your next fur baby. We are very happy kitty parents in waiting...the waiting is the hard part! My husband and I are huge fans of Jenny Dean's Floppy Cats dot com and her wonderful reviews, with the assistance of her cat kids, Charlie and Trigg...of various cat products. Go to Floppy Cats dot com and her You Tube station for even more great information! We are Jenny Dean Fans!

My husband and I recently brought home a Ragdoll kitten. Although I grew up with a Ragdoll, I have never, as an adult, owned a kitten. It had also been several years since our family cat passed, so I felt a little nervous about what to expect and do with a new kitten. And my husband has never owned a cat. I bought this book to help us prepare. I really liked how easy it was to read. I liked how the chapters were arranged and although some complained that there was too many product recommendations, I actually appreciated that. I like when people share what products they have tried and like or don't like. I also found the list of questions to ask breeders very helpful. As a matter of fact, I wish I had that list before I shopped for my kitten. I also emailed the author with some questions and she quickly responded. In the same day! This book was very helpful and it is one I will keep and reference.

Delightfully informative and reader friendly, this often candid and practical guide was exactly what I was expecting from author Jenny Dean. I couldn't wait for it to arrive! I am an extreme fan of Jenny's hugely successful blog/website, Floppycats.com, and I knew that her book would be a perfect

resource for me as I welcomed my new Ragdoll kitten. Jenny didn't miss a thing in her successful care guide! I enjoyed my quick scan and then a later, a more focused read. Although Jenny originally published all of her "hands on information" as an eBook, she is more than happy to send you a digital version of the book that includes all the clickable links you will find within the pages of the hardcopy. Jenny is creative, bright and ingenious in her loving devotion to the significance and well-being of the beautiful Ragdoll cat. As a longtime Ragdoll owner and lover herself, Jenny doesn't just write from knowledge and education alone, but truly from her heart. Thanks, Jenny! Your guide is more than refreshing and a wonderful little "go to" as I begin my Ragdoll journey!

I actually got this e-book back in 2013 but forgot to leave a review. Sorry, Jenny! I wish I had gotten this book before we picked up our Ragdoll Kitten on January 20, 2013. However, even reading this after we got our new baby girl (Miss Pink Sugarbelle) home proved to be very helpful regarding the care of our new kitten. This is a very thorough guide to help you acclimate your kitten to his/her new home. It covers everything you need to know for a happy transition for your new family member! I highly recommend this book. Additionally, I highly recommend you subscribe to Jenny's AWESOME website Floppycats.com (www.floppycats.com) and follow her on YouTube, Google+, Instagram & Pinterest. (You can also follow her via RSS Feed & Flickr, too!) Through her website you will meet the most amazing folks who share their love of the Ragdoll breed (just like you! :))

This is the best Ragdoll book ever. I am new to Ragdolls and this is so helpful. From health care, litter to food and toys. Even a breeder question list in the back for adopters. Great photos too. I have read my book over and over again.

"A RAGDOLL KITTEN CARE GUIDE" by Jenny Dean is an amazing book!! Jenny is an expert in the behavior and needs of the wonderful breed of Ragdoll Cats. She gives advise and recommendations based on her many years of sharing life with these wonderfully loving cats. The book was invaluable in purchasing the necessary and favorite items for our kitten. Purchasing proven items that your cat will love saves so much time and expense. Before deciding on which breed we wanted to purchase as our companion and pet-therapy partner, we spent many hours reviewing Jenny's website floppycats.com. Her Ragdoll videos, product reviews, recommendations and ownership knowledge was invaluable!! Thank you Jenny for *Ã* *Â* A Ragdoll Kitten Care Guide: Bringing Your Ragdoll Kitten Homesharing your love of these beautiful cats!

Beautifully written with everything you need to know about your new Ragdoll Kitten or would be helpful for any new kitten owner. Jenny tells you how to prepare for your new baby, what to expect and is just a wonderful book. The kindle version has many links, but I wanted the hard copy to make notes as I read and re-read the book. Thank you Jenny for this wonderful guide. THIS IS A MUST HAVE FOR ALL RAGDOLL KITTEN OWNERS.

This handbook was invaluable to me in getting ready to get my Ragdoll kitten that I will get in March. All the advice was very informative and helpful for preparation.
