Palestine And The Arab-Israeli Conflict: A History With Documents

Synopsis

Palestine and the Arab-Israeli Conflict provides a comprehensive, balanced, and accessible narrative of a complex historical topic. The narrative is supported by more than 40 primary documents that highlight perspectives from all sides of the struggle. Throughout the book, the author examines how underlying issues, group motives, religious and cross-cultural clashes, diplomacy and imperialism, and the arrival of the modern era shaped this volatile region. Maps, photographs, chronologies, public opinion polls, and discussion questions help facilitate student understanding. A fully updated final chapter makes this the most current history of the topic.
