Integrated Chinese: Level 1, Part 2 (Textbook: Traditional Characters) (English And Mandarin Chinese Edition)

Synopsis

Cheng & Tsui's best-loved Chinese textbook series is new, revised, and better than ever! Integrated Chinese is already the leading introductory Chinese textbook at colleges and universities around the world. The third edition of this time-tested series has been fully updated to meet the needs of today's students with new communicative and interactive exercises, a full-color design, up-to-date vocabulary, enhanced cultural coverage, a diverse cast of characters, and a realistic storyline linking all the dialogues and readings. The second edition will remain available to order. What's new in the 3rd Edition? 1. 20 lessons in Level 1, for easier academic planning 2. Level 2 split into two volumes, one per semester 3. Student-centered learning objectives at the start of each lesson and progress checklists at the end 4. Let's Take a Break sections after every five lessons for review and reinforcement 5. More task-based, communicative language applications 6. Current, relevant vocabulary and revised grammar notes 7. Exciting new storyline linking all the dialogues and readings 8. Enhanced focus on cultural coverage and comparison 9. All-new, user-friendly full-color design 10. New photos, illustrations, and authentic materials in each lesson

Customer Reviews

I purchased this book to teach Chinese and find it one of the most helpful books on the market. This second book in the traditional series is just as entertaining and fresh looking as the first one. One of my favorite chapters is the one on Dining Out (Chi Fan)/Chapter 12. There are two main dialogues

with the traditional characters followed by the pinyin. The vocabulary section includes new words from the dialogue ; again here, the traditional characters are clearly printed ,along with the pinyin and English translations. This is actually very helpful. Now, a word of caution : the English translation for both Dialogue 1 and 2 is at the end of the chapter. This may be a bit inconvenient but may be intended by the authors to encourage Chinese learners to increase their fluency. There are beautiful pictures in this chapter as well as throughout the book. My favorite picture in this chapter is the one on a typical Chinese meal laid out in all its glory as well as simple elegance. On plates, one can see jiaozi (dumplings) , freshly steamed green vegetables, rice, family-style tofu and some succulent-looking sliced meat. The Chinese do love their food!The grammar section is very well done. In Chapter 12, the grammar section explains ,among other things, the difference between 'gang' and 'gangcai.' There are example sentences to explain the difference ; again, traditional characters, pinyin and the English translations are conveniently laid out in a clean and neat style. There are some exercises for practice as well ; the two 'Recap and Narrate' sections are especially helpful because they draw on both dialogues and also , I suspect previous vocabulary from Book 1 of the First Series. I also have that book and it is just as good. Last, but not least, the cultural highlights are a delight. In Chapter 12, Western and Chinese cuisine is discussed, even to what is sold in Macdonalds and KFCs in China. Very interesting perspective! This is not necessarily a do-it-yourself study book. If one has some fundamental knowledge of Chinese, they could learn from this book by themselves in order to better their knowledge of the language. For beginners, I recommend the first book in this series , along with a tutor , if possible. Some schools may also offer the language and certainly , many colleges do now .

Great beginner book for Chinese! I found it a little difficult to learn pinyin on it. Overall a great quality product that I used for my Chinese class

I think this series is quite nice for the beginner. It is organized very well and clearly. If you take the time (Simply 10-30 minutes a day is all you need) to review the vocabulary, practice writing and speaking the dialogues, you'll know them in no time. I've used a couple other textbook series in the past, and I must say this is hands-down my favorite. (It's also amusing how there's a "cast" of characters that continues through each chapter and book. You'll start to love/hate them haha.)

It's a decent book that provides pretty rigorous exercises for each lesson. I'm not sure about the person who said it uses sentences structures from later lessons. It will occasionally throw a thing or

two in there but my teacher also jumps around a bit so I can't judge. We did level 1 part 1 earlier in the year, and I think it's funny that they've gone from giving us sentences to just throwing a paragraph at us in translation. xD

Great book. Seller provided quick shipping and good quality.

A lot of material to cover, and very useful. costed a little more than I was comfortable with, but God was on my side and the book is still useful after the class.

Finally, I got it... USPS...Thank you! :)

great book to learn chinese!
