Love On The Fox

Synopsis

Get three sexy novels featuring firemen and the men who love them. This collection also includes a short story, *Night on Fire*, available nowhere else. *Love on Fire* Firefighters don't date other guys. Clay Brown has always wanted just one thing: to be a firefighter. He even has the girl of everyone else's dreams, until she dumps him to chase her own career. Newly single, Clay bumps into the only guy who ever made him feel alive - and who he almost kissed back in high school, before losing his nerve. *He burned me before. Never again.* Ezra Kaufman may be lonely, but he's not stupid enough to make the same mistake twice. When Clay saves his mother, Ezra is smart enough to keep his distance. Clay may send out all the right signals, but Ezra knows from experience that the hot firefighter isn't willing to go public with an openly gay man like him. *Some fires refuse to go out. Once sparks fly there's no going back, but can there possibly be a future when both men fear commitment, or will it take the heat of a fire to forge something new?* *Truth on Fire* Coming out was supposed to fix everything. Once firefighter David Newsome found the courage to admit his sexuality, he expected life to get better. Instead, studying to become an arson investigator is kicking his ass, his father's critical voice plays relentlessly on his mind, and he still can't get to first base with another man. Scoring a date at a charity auction might have meant things were looking up... if only the man who'd won him was gay. *Love is guaranteed to break your heart.* After losing his wife to a drunk driver, Quinn Harper only has two concerns: raising his son, and finding a job. When his sister pawns off the "date" she won at a charity auction, he's definitely not looking for love. Especially not with a man. *The holidays add stress I don't need right now.* With the holidays bearing down on them, the two concoct a plan to fake a relationship together. Keeping well-intentioned, matchmaking friends and family off their backs seems like a great idea... but will the lie they've trapped themselves in deny them the chance for true happiness? *Choice on Fire* Why can everyone find love except me? One after the other, firefighter Brick Swan has watched his buddies at the station find their Mr. Rights... so why can't he? Maybe a short, sexy fling will shake him out of his dating funk, and who better to do it with than his hotter-than-sin military pen pal, Maxwell? *On-the-job danger is all in a day's work, but the idea of settling down? Terrifying.* Maxwell Hope works hard and plays harder. When he's not kicking down doors in Afghanistan, photography gives him a chance to see a calmer side of the world than his eight years in the Army have shown him. When it comes to men, Maxwell's family history has convinced him that serious relationships only end up hurting everyone involved. *But no-strings sex? Yes, please.* I thought love was bad enough, but now people are trying to KILL us? *With a homophobic arsonist on the loose and casual sex turning into*

something deeper, Brick and Maxwell are forced to take a hard look at what they really want from each other. Sticking together may not just be what their hearts burn for... it may also be the only way for them to stay alive. Night on Fire Inigo and Levi meet in a hotel lobby, both going through their own rough days. Inigo's date stood him up, but Levi, the hot, giant fireman, has just the cure to make him feel better. Levi has a meeting the next morning that will change his life forever. A wild night with the even wilder Inigo will help the night pass faster and stop Levi from worrying about things he cannot change. Each book is a steamy, standalone gay for you romance novel with no cliffhangers.

Customer Reviews

Great new to me author I will continue to follow. Loved this box set. You can't go wrong with hot firemen, but you may need some ice cold drinks and showers between books to put your fire out. Don't miss out- one click. I voluntarily read a free copy of this book and am giving an honest review.

Each story was unique and fabulous in its own right, I totally loved the men and the strife they had to

go through to fight B's their love but wow it was worth it in the end...no pun intended...get or lose out on some great reading

Enjoyable, fun, erotic. Nice plots to each. Liked the continuity of the characters. Gay firemen...nice. Of the 4 I liked the first and third books the most. Inigo and Levi could have been a much better story and longer.

Loved this continuing series, hot gay firefighters are just dripping with total sex appeal. Absolutely recommend this to anyone who believes in finding that special one.

I absolutely fell in love with these guys. Such fun and draw you in fun. You will laugh and I even teared up at one point. Just loved these stories. I highly recommend this series. ãfÂçÃ Â•Ã Âª

So I just bought 3 of these again but I'll pay the money again to have a 4th book. These books are wonderful!! You can't go wrong with a Zach Jenkins book!!

I loved this series! It has firefighters!!! Seriously though, the characters are so well written and relatable. There is SO MUCH HUMOR!! I loved the silliness and joking around between the characters. The books were all so lighthearted. The bonus story at the end was fantastic as well. I really loved Inigo from Choice on Fire and I was glad he got his own happy ending. These stories are great rereads and I'd definitely recommend them to anyone into firefighters!

So, m/m romance definitely has its critics but that certainly isn't me. I loved this book from the first moment. Who says guys don't have romance and feelings? Zach, you did a great job bringing this sexy, alpha makes to life. These characters had me wrapped around their little fingers from the first word. The excitement of the chase, the love and sexiness and the utter feeling that they knew what was right for them. Love is love and this book brought it to life.
