# The Bee Charmer

## Synopsis

After the death of her father, Nat St. Croix needs to decide on which direction her life should take. Does she continue her life alone, as a trapper and trader, or does she start over and try to fit into a town surrounded by strangers? When she arrives in Seattle to trade her furs, a young widow, Marissa, catches Nat's attention. Can Marissa be the chance of having the best of both worlds? Will the call of the wild and all that is familiar or, will the call of love capture Nat's heart?

## Customer Reviews

The Bee Charmer is one of those books to wallow in, to enter a world gone by. Nat is a trader and trapper who finds her life turned upside down when her father dies. She meets beautiful widow Marissa in town and is torn between her love of the wild and her feelings for this woman. Their story and that of their friends is beautifully told, with such wonderfully descriptive writing that made me feel part of a gentler time. It took me back to a time past and I felt as if I could smell the clean air, I

could imagine the woods filled with trees and animals . Pioneer life was described in intricate detail and it was fascinating. Nat and Marissa worked hard and made use of everything around them and their ingenuity knew no bounds. I loved reading about their lives and how the pioneers found ways to survive in new lands. Their story was also one of passion and sexual intensity that was quite breath-taking. Ali Spooner caught me off guard too with some surprising moments that I didn't see coming. I adored it and highly recommend *The Bee Charmer* was given this ARC by Affinity eBooks in return for an honest review.

What can I say, Ali Spooner has done it again. What an excellent story, Nat and Marissa are the perfect couple and compliment one another. But we must not forget about Maggie and the other characters. This has got to be my all time favorite book. I'd loved to see a sequel to see where life takes this couple. Recommend this book to my friends, yes yes yes. Can't wait to see what Ali comes out with next.

I have to say at first i wasn't sure if i wanted to read about Bees. Im mean how exciting could that be? HOWEVER...This by far is one of the sweetest stories I have ever read. It was so heartwarming, you could feel the love and admiration each character had for one another. Through out the book I was a witness to their hard work, their compromising and giving ways. Nat was lost and with the love and tenderness she got from perfect strangers gave her the strength and courage to become their leader, the provider and protector. Each person adding to the family. And yes they all became a true loving unit. I was so engaged in this book i couldn't help but find happiness.. I had to share my progress every few chapters. Ali Spooner is an amazing Author.I WOULD SO READ THIS AGAIN , AND TELL EVERYONE I KNOW TO BUY A COPY!

I have anticipated this book since I first heard mention of it being in the works. It was definitely worth the wait!! Ali has a talent for telling a tale that keeps you captivated. The main characters in *The Bee Charmer*, Nat and Marissa were destined to be together. The hard times, the longing, the work and dedication to creating their ideal life was all part of the story that made this couple so wonderful. Ali's attention to detail to the way of life and history of this time period made this an adventure story,a love story and a history lesson and I loved them all! The only negative thing I can say is I was looking for some of those great recipes at the end of the book..Ali has us readers spoiled.

A very heartfelt story with tender, passionate, endearing moments. It's beautiful, vividly written and

offers a great inside look at the everyday life during that time period. A life under tough conditions. I really enjoyed the development of the main characters and the supporting cast of friends is awesome. Nat, Marissa and Maggie are my heroes and Gyp has stolen my heart. Every chapter was a pleasure to read and I didn't want it to end. It was inspiring and written from the heart. You could feel their emotions, their hopes and their strength. This book has touched me deeply. Thank you Ali Spooner for this fascinating story.

I really enjoyed reading this story about frontier life . I thought the relationship between Nat and Marissa was wonderful and I love the addition of Maggie as a mother figure .

I was hooked from page one. The storyline and the characters are all strong. I couldn't put the book down till I was done. Everything was perfect....but I kept waiting for something bad to happen. I was not disappointed at all. I hope there is a sequel to this book. Loved it. I definitely recommend this book.

This is only the second story by Ali Spooner I have read and will not be the last. The story shows the love that grows between the character and the hardship of changing your life. Anyone who is looking for a great story and romance will love this story.
