Customer Reviews

This book was a fun read. If you're looking to spice up in the bedroom, Amber knows her stuff. I wouldn't say my partner and I have vanilla sex but we're always looking for ways to add more excitement in our sex life and this book doesn't disappoint. Whether you need a complete sexual makeover or just looking for tips and tricks, Amber has you covered.

The book is totally learning about making good sex relationship and spice up your sex life. The book help you to boost up your sex life and make a satisfy sex relationship with your partner. We are always try to do something's new or add some new ways for excitement in our sex life. The book all of part have new touches of sexual behavior. The book author provided great advice and tips for how to last longer and do a satisfy sex relation. Highly recommended

Harder Please is a great book and as the author puts it, pretty much a guidebook for spicy sex, and just kicking up your sex life a few notches. I really liked the cover and the title so I took the plunge on the book and I'm happy I did. My favorite parts were learning about small talk, it's such a LONG chapter that has so much information and examples that really just hit the spot for me. They work too lol! Lots of good information on sex games, which are really what most of us are looking for in a book like this. Outside of our comfort zone but not too much... which means they are realistic and

do-able (pun intended).I definitely recommend this book!!

Amber Cole serves up a steamy and sweaty book on amazing sex! She delivers and it's easy to see why she leads workshops on these types of things.The BEST book on for this kinda stuff. No other book even comes close in how much is covered here and how much actually makes sense for the average person. Other books I've seen on the topic are clearly from Cosmo or some random buzzfeed article. This one is detailed and great.

I bought and my partner ended up reading it as well. Good information for everyone.I thought after so many years together that our sex life was just going to be what it was, no hope to be rescued or spiced up like it was when we first met!Cole starts in a good place by explaining why you feel this way and the mental approach you should have. Then the fun begins!

Interesting to read and helpful! I would recommend to anyone that wants to improve everything in the boudoir department. Among the tips I picked up were about role play, pretty fun sexy sex games, and a little bit of kink with the sensation games chapter. That was probably my favorite one.

very pleased with purchase would buy from you again

This book is a bare starter for prigs, not fot adultsand not even for kids who are looking for XXX-rated thrills. Gig gig huh numb Cox zxcvb try mm bhv sdfvcxda mnhuf.
