Isobel was working on her dream to become a famous designer for the stars. She was doing the job, at least for one up and coming star. She's so busy with her career she's forgotten her own needs. Her inner wolf, the one she doesn't understand, is poking her. As is her friend who wishes a chance at love for her. Enter a four-footed chance. You need to read this no spoilers. The meeting awakens something in both of them. An interrupted lunch is the start. Could the interruption be the end of it? Cinder..er Isobel gets a chance she can't miss. Will jealousy ruin it for her or will she find

that inner strength she's been ignoring?Princ...er Zander knows he has an obligation to his pack and to himself. Could Isobel be the answer to both?Enjoy this quick, fun, romantic shifter read.

Anyone that knows me knows that Cinderella is my favorite fairy tale. Always has been. This delightful twist on the story lands us in the land of fairy tales, Hollywood. Cinderella is a designer, and Prince Charming is a director. How the authors twisted this story turned to be the perfect read for a very tired mind. The characters were fun, and I can't wait to see where this "world" leads us.

WoW I love Molly Taiden's books and to find one I have not read I grab it and devour it like a starving person.What a great fairytale told in a shifter world. Zander and Izzy meet by chance. And the get separated will fate help them find each other. Great read with just the right amount of heat.

This Howls romance is loosely based along a Cinderella theme. Isabel and Zander are great characters and although there are a few twists and turns in their story, they eventually get to their HEA. I would have loved a longer book but knowing it was a Howls romance, I knew it would be a short one.

Great story. Fun characters. It was just very abrupt, it would have been better with an epilogue or something besides the quick end.No errors, typing or grammatical, and I seriously appreciate that.

The excellent seamstress, the evil fou-family members and the Prince she really wants to find again. It takes an old dog, a hippy friend and a night of firsts to make their dreams come true.

This was hysterical but over so soon - wanted to know more - Tessa was a crack up - Iz was great and it was good to see a dog with a wolf shifter - wonderful funny read - go for it

I enjoyed this short story . Zander is a great sexy loving guy and Issy is adorable and talented. Love happy endings.
