Making Spatial Decisions Using ArcGIS Pro: A Workbook

Synopsis

"How can we protect...?" "Where do we allocate...?" "What's the extent and pattern of...?" You have questions in a spatial context; *Making Spatial Decisions Using ArcGIS Pro* has answers based in *The Science of Where*. *Making Spatial Decisions Using ArcGIS Pro* is a textbook that provides the user with a broad overview of the capabilities of using ArcGIS Pro to use geospatial tools to solve real-world problems. This book takes full advantage of the integrative nature of ArcGIS Pro and its advanced capabilities to seamlessly unite cloud-based and desktop GIS. The lessons included in this book have been adapted and updated from lessons from Keranen and Kolvoord's popular first three ESRI Press books: *Making Spatial Decisions Using GIS*, *Making Spatial Decisions Using Remote Sensing*, and *Making Spatial Decisions Using Lidar*.

Book Information

Series: *Making Spatial Decisions* (Book 4)

Paperback: 376 pages

Publisher: Esri Press; 1 edition (August 11, 2017)

Language: English

ISBN-10: 1589484843

ISBN-13: 978-1589484849

Product Dimensions: 8 x 0.9 x 9.9 inches

Shipping Weight: 2.6 pounds (View shipping rates and policies)

Customer Reviews

Kathryn Keranen is a retired teacher. She was instrumental in introducing GPS, GIS, and remote sensing into the geosystems curriculum in Fairfax County, Virginia. After retiring she became a private consultant and an authorized K-12 ESRI instructor. She has consulted for various universities and is an adjunct instructor at James Madison University and Towson University. Robert Kolvoord is a professor of integrated science and technology at James Madison University (JMU). His main research interests are in the use of geospatial technologies in K-12 classrooms. He has administered a variety of professional and curriculum development grants and workshops to help

teachers bring these technologies to their classrooms. Prior to coming to JMU, Dr. Kolvoord worked at the University of Arizona where he was a founder of the nonprofit Center for Image Processing in Education.
