A resident of the Big Island, Jeanette Foster has skied the slopes of Mauna Kea "during a Fourth of July ski meet, no less" and gone scuba diving with manta rays off the Kona Coast. A prolific writer widely published in travel, sports, and adventure magazines, she's also the editor of Zagat's Survey to Hawaii's Top Restaurants, and the Hawaii chapter author of 1,000 Places to See in the USA and Canada Before You Die. In addition to writing this guide, Jeanette is the author of Frommer's Maui; Frommer's Kauai; Frommer's Hawaii with Kids; Frommer's Portable Big Island; Frommer's Hawaii Day by Day; Frommer's Honolulu, Waikiki & Oahu; Frommer's Maui Day by Day; and Frommer's Honolulu & Oahu Day by Day.

We bought this book to help map out a trip to Hawaii and to find secluded places to stay and visit and boy did we! We've made so many notes and with the pull out map, we can easily create an itinerary for this massive trip we're embarking on. We will not be purchasing any other books on Hawaii for our trip. This book has everything we need as far as hotels, rental cars, restaurants and out of the way places to visit. Thanks Frommer's for another great vacation guide!!

Excellent source for information about Hawaii. If you are going to travel to Hawaii this book will give you all the information you need for your trip. If you are an arm chair traveler and just like to read about the beautiful state of Hawaii you will love it too.

I would highly recommend Frommer's guides to anywhere. I have been purchasing Frommer's guides for years. He is concise and gives insight to anything you want to know. His books are easy to understand also.

We just returned from a week vacation on the Big Island. We used this book extensively as we traveled around the island. The restaurant recommendations were spot on...we did not have a bad dining experience. We ate at 7 restaurants recommended by the book in a variety of price ranges - some we even ate at multiple times! We used the book for a couple of accommodations. Both bed and breakfasts were very nice. The tips on the various beaches and other sights were great, as well. My only recommendation is to bring a good GPS or smart phone. Some of the directions/addresses were a little vague, although we eventually found everything we were looking for.

So glad I bought this before our once in a lifetime anniversary trip to Hawaii. So much information and helpful tips. Spend the money because it will save you time and money

i love Frommer's! When I take any major vacation, I love to buy a Frommer's prior to going and I take it with me. I just want to make sure I do not miss something exciting or beautiful at the destination. Frommer's has great pictures, suggestions and listings. I also like the map they include. I was able to go to great locations. See my photography at [Etsy.com/nancyhehmann](https://www.etsy.com/shop/nancyhehmann)

While we didn't agree with everything the author said (stay away from the historic self-tour of Waikiki), this book is better than all the other guides we used. We got around 8 guides from the library, and selected this one as the only guide we purchased.

I have only ever purchase Lonely Planet travel guides previously, but due to the price difference and excellent reviews of the Frommer's guides, thought I would try something different prior to my trip. I found it to be an excellent guide with great tips of places to stay, things to see and where to eat.

Cannot recommend these highly enough!
