One of them must go, but which one. Trust is broken, lies are told and secrets are revealed. Will Compton fight for Cali or will he give up and be with his first love? Can Cali forgive Compton and move on or will she once again fall for his ways? Find out in part two of Cuffed By a Kingpin.

Heiress didn't come to play with you. She came to slay, she laid those scenes so perfectly that you felt as if you were playing them out yourself. You drawn into these characters and that feels makes the Storyline so much better in my opinion

This setiseries has been

so far I hope part 3 is coming soon because I need to know how this is going to turn out will Cali and Compton finally be together with the riches or will her mama act a fool do many questions need to be answered in part 3

Omg God Cali was time enough for Compton rude ass he was so use to females do whatever he wanted them to do because he had a mean stroke game and was fine and rich but Ms. Cali on the other hand had her own riches so his material possessions didn't excite her... What is also so crazy is you and your friend can be tight and go way back to the sand days but when a lot money come into play than jealousy hit and the next thing you plotting starts to take place like it did with Black and Compton..

Man that was a real dilemma I loved how you got Compton to be truthful with himself for once. It was tugging at my heart because although Mo was scandalous she still loved him. Tre was a bitch but not a punk, if that makes sense. I hope Cali and Compton get it together....

Action packed all the way around, never a dull moment. This series is just a fun read. It's 3:00 a.m. And like, I stayed up to read this book. I couldn't put it down. I love this author!! She keeps the stories interesting. Compton with his mean self is starting to grow on me. I love me some of him. Reminds me of a typical hardheaded brother, refusing to let go of the past and move on to the future. Can't wait until part 3!!!

Wow #thatendingthou OMG! The cliffhanger is all of that! Now I got to get part 3 I hope Compton and Cali (love the names) get their ish together and get back to them. I love sexual tension between

the two of them. Good job Heiress!

Awww man how you going to leave me hanging like that. Like really what happened? Man I am so speechless less, keep up the great work I can't wait until part 3.

This series was a page turner and I can not wait to read part 3. This book makes you laugh, get angry & the sex scenes are hot. Magnificent read.
