Must Love Kilts (The Ravenscraig Legacy Book 5)

Synopsis

From dream to reality...Margo Menlove adores everything Scottish. But when she wins a Highland vacation, she's disappointed by the whirlwind tourist trail she's taken on. She wants to experience the Scotland of warriors such as legendary Magnus MacBride. When she explores on her own, she picks up a beautiful stone on the shore - and awakens to the sight of MacBride himself in the heat of battle. Magnus MacBride has seen many things while fighting the Viking hordes, but when a soaking-wet naked woman appears out of the surf, he is truly stunned. Even more stirring is the passion he hasn't allowed himself to feel in all the years he has lived only for vengeance. But giving in to his wild desire would place Margo in mortal danger - unless they stand together and fight for the love neither can endure without..."Heated Romance, Scottish allure, and a hunky Highlander hero... a delight!"~ Romance Junkies Stand-Alone Read ... Customer Reviews

In my opinion it started a little slow in the story and getting to know H/h. Then it was drawing you in,

and story so different. It was so hard to put down. This author always takes you on a lovely journey full of adventure, a little steam, and a lot of romance. The characters are so lovable, story so enticing, you can not bear to see it end. I have read almost all, which are many, of her books, and they are always delightful. It is always blended just right. I highly recommend this and all her books. They are standalones. I can't wait to read another of her books.

Fabulous read by Sue- Ellen, this lady can sure draw you into the highlands of Scotland and you never want to leave especially if you run into a highlander like Magnus MacBride, I think we are all like Margo Menlove, we love all things Scottish and that's why we can't get enough of Sue- Ellen's books, her books always give such an amazing lift when I read them, I don't want to come down from the high I get, won't get into the story but I am telling you you will fall in love with Sue- Ellen's writing and love all her books,

Margo really was born in the wrong century and place. Wanting to visit Scotland and dreaming of Scottish warriors is something she does often. Magnus MacBride is known as the Viking Slayer he has a sword he has named Vengeance and he is out for blood he has no time for women or love after the Vikings killed his betrothed. He is cursed and keeps seeing visions of Margo and Margo has seen a story of him in an ancient book. Sometimes dreams do come true.

Didn't think it was possible to find an author who loves Highlanders this much. You are transported right into the hearts and minds of Magnus and Margo and the wild Scottish landscape. This book has it all, love, action/adventure, and a touch of magic. Set aside some time as you won't be able to put it down until you finish.

From the beginning I was drawn in! I loved Margo and do believe she is where she was always meant to be now. She has an amazing Highlander that I would love as my own. The addition of the aunts and Orla was a wonderful twist as well. I can not wait for the next in the series!

Fun and adventurous read! Loved it, like I do all of her books!
