The Sea Peoples (A Novel Of The Change)

Synopsis

S. M. Stirling's Novels of the Change are a "truly original combination of postapocalyptic sci-fi and military-oriented medieval fantasy" about a future where mysterious Powers removed advanced technology, and humanity rebuilds society. However, this new world is not always a peaceful one.... The spirit of troubadour Prince John, the brother of Crown Princess Aelraith, has fallen captive to the power of the Yellow Raja and his servant, the Pallid Mask. Prince John's motley band of friends and followers headed by Captain Pip of Townsville and Deor Godulfson must lead a quest through realms of shadow and dreams to rescue Prince John from a threat far worse than death. Meanwhile, across the sea, Japanese Empress Reiko and Aelraith, heir to the High Kingdom of Montival, muster their kingdoms for war, making common cause with the reborn Kingdom of Hawaii. But more than weapons or even the dark magic of the sorcerers of Pyongyang threaten them; Aelraith's lover, Alan Thurston, might be more than he appears. From the tropical waters off Hilo and Pearl Harbor, to the jungles and lost cities of the Ceram Sea, a game will be played where the fate of the world is at stake.
