Innocence Lost: A Little Girl's Life Changed Forever

Synopsis

Raped, molested and neglected, this is the story of an innocent little girl whose life was transformed forever."There you are. I thought you was running from me. He made a come hither motion with his finger and I did what he wanted..."Jay tried to warn me to be still ...He released one hand and grabbed the worm with the other. As quickly as he grabbed the worm, he let it go. Then he pulled my panties down...I knew he didn't want to play dolls, I knew he didn't want to talk.... All he wanted to do was put his hands in my secret spot and rub me. He wanted to try and put his snake into me and he wanted to get on top of me.He gained entrance to my panties and began to rub the small slit between my legs...I felt the strange sensations again, moving down my thighs...I was gripping the bedspread so tightly that my knuckles were turning white...I couldn't bear it...I just couldn't stand looking at what he was doing.-excerpt from the storyInnocence Stolen From An Early AgeFrom a very early age, Juliana was repeatedly molested and raped by one of her closest relatives. Every day was a struggle to survive. Her innocence was stolen from her and she would never be the same. This haunted her for the rest of her life. Because of social stigma, coming out and accusing her abuser would mean being ridiculed for life. She was forced to keep this a secret, even though it killed her inside. Jay knew this, and because of this he knew he have his way with Juliana...Award Winning StorySince its release, this story has become a national best seller for child abuse and has captured the hearts of thousands of people. This is not just a story about terrifying abuse and rape, this is a story about a little girl who escaped from hell and became a stronger person because of it.Buy the book now and read the true story of Juliana Hurd, never before released to the public.

Customer Reviews

It's a self published book, if people can't handle a bit of bad grammar then stick to famous publishers that have money to spend on editors. Putting that to the side, I really enjoyed the book, I was able to step into someone else's life and how they handled everything. The schizophrenia part or whatever that people talk about in the reviews is her tapping into spiritual realms. I think that was one of the main reasons I kept reading on. I read about a girl who lost her innocence way too young and at the same time had to battle a spiritual war inside herself and around. Mixed with a bit of bisexual erotic stories it's not bad. Good job Juliana!

I really liked this book. The only thing was that some words were misspelled or not in the sentence right. But you could really follow along. There was so much going on in the book. I did not want to stop reading when I had to put it down for the night. I would really recommend this book. I was so looking forward to her book to follow this one. I am reading it now. I am scanning through it not reading it all as some of it is boring or very hard to read of things that happened to her. She had a very hard life. I just so far can not figure out the black shadows and girl that follows her. That is really parts of the book I do not like. But I will finish it and hope that it has a good ending.

Child abuse is a hidden epidemic. Author Juliana Hurd exposes this tragic truth by writing eloquently and beautifully about the experiences of a girl looking back on an abusive childhood and how she manages to deal with the torment. Looking forward to reading more of Ms. Hurd's writings!

This is a raw and deep story of a girl living through very traumatic abuse. I could barely put the book down. The book will take you into the child's mind and you experience her descent into the splitting up of her sanity. You are not spared the pain or the consequences of childhood trauma and its long journey toward healing. Well done, well written.

The subject matter is horrifying, the early scenes are almost unbearable in their brutality and shocking reality as a child wanders through a hellish existence she isn't even sure is wrong. This book captures the thoughts of a child enduring reality and imagination that is indistinguishable. It is a glimpse into a dark reality society refuses to confront. This isn't a poor me memoir, it's a tale of a life and the many turns we take as humans, it's a chance to walk in someone's shoes and take a step back and look at our own lives and relationships. See what it is to be hit by a belt by someone we love, to watch a mother's silence and denial. To be bullied and to bully and then to triumph over isolation. This isn't a grandiose seminar on greatness emerging from pain, it's a long talk with a good friend that leaves you both feeling a little better despite the subject matter.

If nothing else this is a great book to read to help you understand a person in your life that has gone through abuse. Especially if that someone is a spouse or partner. It has helped me tremendously. Yes there are grammatical errors but I think that just adds to the persona of the subject. I commend her for her bravery and willingness to put it all in words to describe the trauma. Thank you for this book.

This story definitely has a lot to offer. It's literally filled with everything you could imagine. From child abuse, drug use, sexual experimentation, interracial relationships, murder, life as a exotic dancer and even a tornado somewhere within the mix. I certainly was not expecting so much in one book. But to my surprise it had so much more to offer than just how a child was abused. It also tells the realistic effects that an innocent child grows up to endure and the challenges that one must overcome after such abuse. It's something that others whom were abused can possibly relate to and see that they're not alone. Perhaps giving them the courage to speak out. There's not a dull moment in this story as Julian Hurd spills out her journey in life, from a young child to a young adult. It's a rocky road and there are moments that will definitely keep you gripping the pages in suspense. As well as moments that will make you blush, so beware this book is only for the mature minds as it speaks of her many sexual orientations throughout as well. It definitely keeps you intrigued. The story ends with her indecision of entering an unknown new chapter of her life. I can not wait to read book (2) in hopes of seeing her life change and blossom into what can only be described as her evolution.~
Faye

While reading this book you can never tell where it was going to end. I can't wait to read the next book.
