Dawn Of American Deer Hunting: A Photographic Odyssey Of Whitetail Hunting History

Synopsis

Take a glimpse into deer hunting's past! White-tailed deer hunting has an incredibly rich heritage in America, and has played a vital role in the survival and expansion of this great nation. It's provided food, clothing, income, camaraderie and an unmistakable freedom to enjoy the country's magnificent wild lands. Take a glimpse back in time with the outstanding collection of photographs and historical information from the late 1800s to the mid-1900s that author Duncan Dobie has included inside Dawn of American Deer Hunting. You'll see the classic rifles hunters used, how they traveled to the remote deer camps, what kind of shelters they stayed in and more fascinating pieces of hunting history from the legendary deer regions around America. And admire the deer they took home--massive-bodied Northern bucks, trophy Texas antlers, buck poles filled with does and much-appreciated venison. As the old saying goes, "a picture is worth a thousand words." Just imagine the stories of the rugged folk in each photograph, and soon you'll connect with these deer hunters of yesteryear. We still face the same keen senses of the whitetail; the same harsh weather; the same buck fever....

Duncan Dobie has been a full-time outdoor writer and photographer for more than 30 years. His work has appeared in numerous books, magazines, and newspapers across the country. He has authored nine books, and seven are about white-tailed deer. Among his most recent books are Hunting Mature Whitetails the Lakosky Way, Legendary Whitetails III and Trophy Whitetails with Pat and Nicole Reeve, all three with Krause Publications.

Best book of Deer Hunting that I have read in many many years. I enjoyed this book so much that I bought five more copies to give to some old time hunting buddies of mine.

Awesome photos of the deer woods from days gone by. Some giant Bullwinkle in here for sure!

Ordered for family member and they loved it.

If you like old hunting pics this book is for you. Lots of camp photos and he identifies the guns in the photos. Pretty interesting.

I bought this book as a gift who absolutely loves it. He's already read it cover to cover twice! I'm looking forward to reading it next.

This is a great book for deer hunters who like the history of the sport. It has some really good photos.

As soon as my nephew opened this book, that I gave him for Christmas, he could not put it down. The book is awesome!

Got this for my husband, he really enjoyed it
