# BsnMethod: For Beginning Students Of The Bassoon Or Tenoroon

## Synopsis

There are few method books truly dedicated to the beginning bassoonist. bsnMethod combines a modern pedagogical philosophy with sound instructional materials taken from the canon of great Western musical works, in a beginning method for bassoon or tenoroon.

Average Customer Review: 5.0 out of 5 stars 3 customer reviews

Best Sellers Rank: #817,558 in Books (See Top 100 in Books) #33 in [Books > Arts & Photography > Music > Instruments > Woodwinds > Bassoons](#)

## Customer Reviews

Love it, my professor recommended.

I cannot recommend enough. I call this book "add water bassoon." I have used this book to teach college music education students and beginners. It is especially good for students who have been playing for a while, but are new to lessons. It gets them back on track and using good fingerings quickly. The college students who I taught using this book appreciated how quickly it moves and that it can be used a resource for their own teaching. The fingering chart is one of the best I have seen for beginners. It has some roots in Suzuki, if you are familiar with that philosophy. \*For bassoon players: it teaches venting.

This introduction to bassoon has been a real blast, I value it's simple yet effective teaching exercises - makes it fun and exciting to learn this dynamic instrument. The one thing that could be better is if it were colored, I think it would make it more fun for my kids - we are learning together! Thanks for this easy but challenging start to becoming a bassoonist. :)
