Encha Organic Matcha – “As a practicing yogi I see the parallels in tea drinking and the yogic path. “In *Tea-spiration* it is evident that Lu Ann Pannunzio approaches the topic of tea drinking as a state of meditation; a mindful practice that encourages leaving behind hectic daily living. It will make a great gift for any tea lover as well as inspire novice tea drinkers to sit down with a cup of tea. This book reminds me of the poem by Hamamoto Soshun: “Chanoyu should be made with the heart, not with the hand. Make it without making it, in the stillness of your mind. As a practicing yogi I see the parallels in tea drinking and the yogic path. I look forward to having a copy of my own to support me as I refresh my mind and hydrate my body during contemplative moments in my daily living.”

It is a helpful, down-to-earth guide for anyone who has never really stopped to think about the significance of tea, about the enjoyment to be had from every single cup, and about the benefits that tea can bring to everyday life.” – Jane Pettigrew, Tea Historian and Tea Educator

What a sweet little book this turned out to be! Author Lu Ann Pannunzio blogs at theteacupoflife.com and has created a lovely little book filled with her thoughts on enjoying tea and the tea ceremony itself. While many authors and "experts" try to influence their readers on the proper method Ms. Pannunzio is of the school of thought that every person has a unique way to experience tea. I love this idea and I think she is very accurate in her belief that each experience can be unique to the drinker. The book offers some great information on tea varieties, tea ware, ways to enjoy tea as well as some lovely quotes of the hour at the end of the book. The illustrations that are scattered throughout the book are sweet little depictions of tea pots, tea bags, flowers and more and enhance the book. I would recommend this book to anyone who loves tea or who needs an introduction to the world of tea. I loved it!

Beautiful little book - I highly recommend for all tea enthusiasts, tea lovers, meditators, or anyone who may want to just read something lovely and inspiring. I have never related to such beautiful words like the one written in this book! Drinking tea has become such a special meditation for me. This book perfectly encourages and engages my love for tea.

This book is amazing and has challenged me to look at, not only tea, but life in a completely different way. As a mother of three young children, I'm always on the go and rarely take the time to truly experience the tea I'm drinking. I've never thought about the history of the tea, and farmers that picked the leaves, or the emotions that arise when opening the package and sensing the aromas, or watching the leaves unfurl and the first couple of sips. Lu Ann's book not only relates to tea, but to life in general. She teaches us how to stop, slow down and enjoy the simple things in life. It's short and sweet and will change your experience with tea and life forever! Great job!

Finally a book to explain that tea is not a difficult concept to grasp but a delicious beverage that can be enjoyed by anyone! I'm a fan of Lu Ann and when her book came out I knew it would be just as delightful and insightful as her other work. One of my favorite parts about Tea-spiration is what I try to explain to others, drinking tea is not just about the taste but the experience. This is a beautifully written book and I recommend it to anyone!

As a blogger of tea and literature, I am happy to finally have a book in my library that reminds me of

the simplicity of tea sipping. Tea-spiration is simply inspiring! LuAnn Pannunzio writes in such a personal and relatable way which draws you into each page as you revisit your very first moments/experiences with tea. I read this book over a pot of tea and I finished the book before the tea because Tea-spiration was just that comforting to read. I will be picking up Tea-spiration every now and then to read from it's pages again as it is just sip-ly inspiring.P.S. I was so inspired by this book that I decided to reach out to LuAnn Pannunzio herself and perform a Blogview (interview) on Tea End Blog. If you would like to see this interview with LuAnn please visit teaendblog.com and search the post entitled "Sip-ly Inspired."Keep Sipping Happily Ever After!

I happened upon this little book of treasure by getting it in a makeup group swap. I enjoy tea and it looked like a cute book. I am reading it now and deliciously enjoying every word. This book takes the legalese out of tea and helps you to just learn to thoroughly enjoy the entire tea experience. If you enjoy tea and want to learn how to use it to help change your life, this book is for you! Or if you just like a delightful read, pick up this book!

This book is needed now more than ever! Whether you're a tea newbie or a seasoned pro, this book can take your experience with tea to the next level - mind, body, and soul.Lu Ann Pannunzio did an amazing job infusing this book with the beauty, insight, and meaningful philosophy tea drinkers are thirsty for.Each and every page is a treasure!

A beautifully written & designed book...perfect for gift giving!!!
