Customer Reviews

This is the guide to the founding myths of the Great Clans of the game Vampire: The Masquerade. It includes the Tale of Caine and The Book of Shadows, in full. Bound in black pseudo-leather.

Great addition to the WOD vampire lore. Some of the pages might be hard to read as it seems like it was just carbon copied into it. I suppose they were going for the ancient scroll look to it. Has that archival feel to it. Some genuinely creepy and ominous entries. Artwork is not that great as it looks like a Goth kid was hired to scribble this one, not sure if that was intentional. The stories and lore makeup for any shortcomings though. Decent read.

Arrived on time. perfectly sealed in original case!

I got my copy from Stuff&Things and I have to say I was impressed with how good of condition the book was in when I got it and will be looking for more books from them. In terms of BoN I have already found ways to give my character more depth and bring more color to the black and white game that I play in.

Delivered within time frame. A little bend on the lower corner on cover. I'm satisfied

This book is awesome for any vampire lover whether you are an avid Vampire The Masquerade player or just love vampire lore.

Exactly like as the title says. It is a great read, but unfortunately the book will leave you wanting for more. The Book of Nod presents the history of the vampires as thought for Vampire: The Masquerade. This novel can be enjoyed even by those that are not familiar with the Masquerade setting and other novels. It offers the big picture, explains how the vampires came to be, has great quotes and "commandments", if you will, that vampires are supposed to live by. You will understand the vampire clans and what their traits are and the reader is bound to have a favorite one out of the bunch.

Best Book ever written!

Perfect! THX! ãfÃ ã Å,Ã ÆœÃ Å
