DK Publishing releases another great WWE book this time chronicling the career and evolution of John Cena. Love him or hate him he man has stuck with WWE through it all and has done a lot of behind the scenes stuff to promote the company and be a good role model for everyone. This release comes with a John Cena armband attached inside a see through case on the middle hardcover front of the book (very nice looking) and comes illustrated with hundreds of color photographs. From foreword by Vince McMahon to 5 chapters and a conclusion chronicling the man himself this book has all you ever wanted to know about John Cena from Who is John Cena, The Rise of John Cena, the arrival of the Champ, Cenation, his Legacy this book has it all. Very nice

Barely opened, i am aware of most of the history of John Cena, just excited to own anything with his name on it.

Great read for both me and my eight year old son. I only wish there were more good WWE/WWF books available. Full of really great pics.

The cover of the book had a sticker on it that was hard to take off. But other than that I Love it!
