ISBN-13: 978-1551984469

Product Dimensions: 11 x 8.6 x 0.9 inches

Shipping Weight: 9.6 ounces (View shipping rates and policies)

Average Customer Review: 3.7 out of 5 stars 4 customer reviews

Best Sellers Rank: #485,061 in Books (See Top 100 in Books) #33 in [Books > Travel > Canada > Provinces > Quebec](#) #205 in [Books > Travel > Canada > General](#) #1025 in [Books > Reference > Atlases & Maps > Travel Maps](#)

## Customer Reviews

Text: French, English

Ordered this atlas last month after the Atlantic Canada Atlas promised Quebec, but did not deliver. I received the 2nd Edition, 2017 (it is only 2016 now). Happy! It covers Quebec off the beaten track - which is what I am interested in. The main parts of the province are well covered too, can't complain about the cities. Areas without roads are not (well) represented. Still. 27x22cm at 1:250,000 is great. Probably would have liked a little more of the bordering areas, eg Labrador/NFL, Maine, Ontario.

1) 11x17 format is much clearer. 2) Some of the paved roads are in such a pastel shade it is very difficult to distinguish them from the background. Otherwise it is what I expected. Although there are mysterious shaded lines separating regions from regions which are never explained

Do quite a bit of Genealogy research. Planning a research road trip into lower Quebec Province.

This atlas goes a long way towards finding some of those lesser known townships. The Atlas was great find.

Detailed maps on the lower 3/4 of the Province. Mainly in French with some English translations. All 20 pages pages of Quebec Sports, Festivals and Cultural Events only en Francais. There was no one picture of the whole Province. There is a map of the bottom South Eastern portion, then the South Western portion, etc. Unfortunately, Mtl is only on 2 small portions of 2 different maps (1/2 on one side, then turn the page for the other 1/2). I thought there might be an detailed inset or even a separate detailed page for the city but no. Unfortunately, each map uses the same 1-7 scale for the rows and A-F scale for the columns which does not allow you to transfer the location of an area from one map onto another very easily. Overall, it is too detailed in parts I didn't want and not detailed enough in parts that I did want.
