Maurpikios Fiddler: The True Meaning Of Magic

Synopsis

In the small town of Hallows Creek beware of what you assume; things are not always what they seem. The Fiddler's appear to be the picture perfect family, but they harbor deep dark secrets that are about to be unleashed on the stability of an entire world. Even after realizing the terrible twin diseases are one in the same, childhood cancer and scorpoma, it is still a race to save the lives of their children. A century old treaty had ended years of war and is now vulnerable to a long held prophecy that foretells the emergence of a champion. Could that Champion be young Maurpikios Fiddler? Unfortunately, for every champion, there will be dark forces to oppose his greatness. Radu Vrotsos, a wealthy philanthropist and a maniacal wizard, is vehemently against the integration of the magicals and the non-magicals. It is his hope to bring the world to submission under one of the darkest and evil powers in existence. A sudden attack of excruciating headaches and horrifying dreams will be the horrific antecedent to Maurpikios Fiddler's journey. Unexpectedly, he will find himself in the position of facing down the enemy as well as his own mortality. He swiftly soars into a world of chaos where he is suddenly exposed to the staunch reality of magic intertwined with danger, curses, evil witches and wizards and infinite adventure. This magically enchanting quest involves other children like himself, a scroll that reveals the secrets of a family, a golden scepter and a stone destined only for the hands of the chosen one. Maurpikios Fiddler will discover just how the secrets of the Fiddler family affect his own destiny and the entire town of Hallows creek. He will have no choice but to display true bravery, accept his destiny, and ultimately discover the True Meaning of Magic.

Maurpikios Fiddler: The True Meaning of Magic- M. J. Logan – Reviewed by Lit Amri for Readers' Favorite- 5 Stars "The author introduces – an eleven year old Maurpikios, – a very well-rounded character...amazing figurative language – efficiently delineates all – characters, places and – scenes... writing true-to-life dialogue does not come naturally to just any writer-the author succeeded in doing just that in this book. It defines the story, characters and makes the story well-paced...definitely appeal to young readers and their family."

The Inspiration This story was inspired by the experience of my family whose lives – were turned upside down by childhood – cancer, but found ourselves at one of the most magical places in the world -St. Jude's – Children's Hospital – in Memphis, Tennessee. – This is an institution – surrounded by the love of God and – miracles – that does – great things for families, and like God, St. Jude is not a respecter – of persons. St. Jude doesn't care what you look like, and they turn no one away. However, one of the greatest – lessons anyone will take away from an experience such as this is – cancer does not care what we look like either. Those affected by this disease come from – all backgrounds, races, nationalities, and varying socioeconomic statuses, but with all those differences, families still bonded – and became one family. – We loved each other, laughed together, cried together, – and when we faced the unfortunate realization of losing a child, we celebrated that child's life together. This magical story is the result of my own coping mechanism – as my child endured cancer treatment. He is an eleven-year-old boy with big dreams, and an amazing love for fantasy fiction. More important, alongside the warriors of St. Jude, he fought a victorious battle against childhood cancer. – Saint – Juliana's – is – an – imaginary – fantastical – place – created in – a – fantasy – world – to – mirror – the – magic – of – St. – Jude. This story is fictional; however, it is loosely – based on a journey – that my family took toward true discovery. The story takes place in the imaginary – town of Hallows Creek, USA. Maurpikios Fiddler is not my child, and the Fiddler – family is not my family, yet – all the characters – are a culmination of every wonderful – child, family, medical – provider, nurse, administrator, and staff we encountered. – I wanted to share our experience, the magic of this wonderful place, and the journey my family and other families – experienced as we discovered – the – true – meaning – of – magic. Be blessed, M.J. – Logan

Maurpikios Fiddler: The True Meaning of Magic is a wonderful novel about the incredible journey of a young boy against immense obstacles. M.J. Logan vibrantly introduces culturally diverse young characters, who develop a friendship despite the prejudice set between those who are magically gifted and those who are not. In a struggle to save his own life and those of his friends, Maurpikios must face a dark force bent on destroying the peaceful balance between both worlds. This story incorporates what having faith in God can bestow among those of the smallest stature; and how the love of family and courage can give someone the strength to fulfill their own destiny. A unique page turner at it's best, I simply could not put it down. It relays a positive message to young readers about the prominence of perseverance and faith. Truly a tale of compassion, triumph, and love for the entire family to enjoy.

Maurpikios Fiddler is the BEST Fantasy Book I have ever read in my life. It is a must read for every One.
