Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has

helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

Book represents the actual test very well. Taught me the right things and asked the questions in the right way. I bought Barron's™s too and it had some of the same information but lacked focus or depth in the right spots.

Thanks for making this book it helps a lot

No issue.

Exactly what I need and excellent shipment! From everything that I have read, this is a good book. I definitely recommend it to all.

great book !

My son used it, perfectly alright.

Helpful

It is new and arrived in perfect condition.
