# The Lost Expedition (Poptropica Book 2)

## Synopsis

Based on a concept by New York Times bestselling Diary of a Wimpy Kid author Jeff Kinney comes Poptropica, a brand-new graphic-novel series by Mitch Krpata and Kory Merritt that takes readers on an adventure beyond the incredibly popular online role-playing world. In book two, The Lost Expedition, Oliver, Mya, and Jorge continue their search for home, with a few hilarious stops along the way. As the friends set sail for new sights, they find the evil Octavian is still hot on their trail, and he's determined to get his hands on their magical map. To make matters worse, a mysterious organization is keen on expelling the three friends from Poptropica. As the pals travel, they find that each island is filled with its own unique brand of peril, and the mystery surrounding the map and Poptropica itself begins to unfold. Will our trio be able to once again outfox Octavian and discover the identity of this secret society? Presented in vivid full-color comic book illustrations, The Lost Expedition is perfect for kids who love a sense of adventure while learning about history in a fun way. Book one in the series, The Mystery of the Map, received incredible praise.

KirkusReviews said, "Bright, animated colors and zippy cartoonlike action make for an easily accessible first offering that provides just enough exposition to hook young readers and keep them seeking out subsequent adventures. A peppily paced adventure yarn sure to delight fans of the franchise, both old and new." And Booklist raved, "Based on the online role-playing game developed by the ever-popular Jeff Kinney, this new adventure comic series gets off to a flying start . . . The lively art mirrors that on the website, featuring bold, colorful panels and characters with giant heads and expressive eyes. Fans of the online game will delight in reading a story about one of Poptropica's many islands, and newcomers will have no trouble falling into this adventure."

I've reread this series a lot of times and continue to be entertained by it.

9 yr old sonow enjoyed the adventure.

My 7 and 10 year old girls love this series. A little pricy for how quick of a read it is compared to Branches' book series, but very good nonetheless. Well worth it.

I think it was really detailed, and at the end I loved the surprise. The bear came out of no where

TWICE!!!

I KNOW THAT I DONT WANT TO DO

THIS I LOVE THE BOOK AND ARTHUR AND I LOVE PEOPLE C

Son is already asking for #3! Great book and graphics.

Great. Waiting for the next adventure.

My son bought this with his own money he earned by working and doing chores. He liked the story but felt let down and dissapointed by how short it was (money grab). So Jeff and Mitch before you write another book remember its little kids money your taking who slave for their money. I know I am one of those horrible parents that make their kids make their own money and buy their own stuff :)
