## Synopsis

For Every Cat An Angel celebrates the timeless connection between people and their "forever cats." From the moment a kitten is born, the book tells us, a guardian angel is there to welcome the kitten into the world and let the kitty know how much it is loved. Kittens have the enchanting gift of captivating all who come in contact with them...even guardian angels! If an angel knows someone special is waiting for her cat she sends the kitty through the starry skies until it arrives at the place it is meant to be. And the angel knows her cat has found its forever person and nothing - not even time nor space - will ever separate them. ## Customer Reviews

"A charming story and illustrations." - Cat Fancy Magazine

I recently lost my furry baby Clyde due to an incurable disease. God knows the amount of tears I've shed and the scars left in my heart. I bought this book so it can help me heal. Speaking as a 24 year old woman I must say this book helped me tremendously. Of course I've cried the entire time I read this little book but it gives me hope. The book talks about how my kitten was brought by a guardian angel and that angel is taking care of him in heaven waiting until I see him again. As I write this review I am getting a little misty in the eyes must be the allergies lol great for kids but adults as well. God I miss my kitten and I hope this books helps you out as well.

I also purchased a dog version of this book while ordering the cat edition. Two of my friends have just lost their pets and I gave each one of them either a cat book or a dog book. They LOVED THEM. It brought tears to their eyes because it gave them the most beautiful memories of their furry four-legged babies. These books are well done and lovely to look at also. As usual, they were at my doorstep quite fast and I was happy with that.

My friend had just lost her long time cat companion to old age, and others seemed to think she should "get over it" because the one mourned was a cat and not a person. But people have deep affection for their special furry children, and their feelings of loss and sorrow need to be acknowledged, and this book does that very nicely.

I received this book in the mail from the veterinary hospital that treated our beloved cat, Salem, in his last days with us. It was a surprise to get a package from the hospital, and I couldn't imagine what could be inside. The doctor, along with the techs and receptionist, had written consoling messages inside the book's cover and they had attached a picture of Salem while he had been there receiving one of his hemodialysis treatments. The story is so sweet and touching, but I do get very, very sad anytime I read it. We lost Salem last October. He was only 4 years old.

Uncharacteristically, he had eaten one of the lilies that I had purchased in a bouquet. Unbeknownst to me, ALL species of lily is fatally toxic to cats and it only takes a small amount of ANY part of the plant to quickly start kidney failure. If I had gotten him to the vet within the first 8 hours, he could have been saved, but it was about 72 hours after he ingested the plant that I realized what had happened. We took a 50/50 chance on his survival and put him through 3 hemodialysis treatments, but he didn't recover. He died at home with us at 12:30 AM on 10/01/07. We miss him terribly and look forward to joining him in Heaven one day. Now I am sending this book to a dear friend who just lost her 7 year old cat to cancer. I hope that it will console her in her time of deep loss and sorrow.

My best friend sent me a Willow Tree figurine of an angel holding a cat close to her after my forever cat Hannah died. While at a Barnes and Noble store I found the book "For Every Cat an Angel". I believe that companion animals do go to heaven. The figurine and book remind that one day I'll see all the cats I've lost over the years. I have since bought Willow Tree figurine and copies of the book to send to any friend who has a much loved cat die. It has helped me to grieve and rejoice. There is also a Willow Tree figure of an angel holding a dog very close and there is the book "For Every Dog

an Angel for those who've lost beloved dogs.

For Every Cat an Angel is a perfect book for anyone who has lost a "heart" cat and been laid low by grief and sadness. Every parting leaves us with questions: Will we see our loved one again ... will we be reunited with our beloved ... do they sense our grief and pain after they have moved on ... do their spirits visit us ... will I have a sense of their nearness and see them in my dreams? This enchanting little book speaks to these things and more via simple yet profound prose and delightful artwork. It's a wonderful book for those who grieve a beloved heart cat.

I bought this book because earlier this year the sweet dog that lived at my 3 year old's play school died. The teacher recommended that parents of children with animals keep a book or two around that addresses the cycle of life so the children (and grown-ups, frankly) can get used to the idea and so there is a context for addressing questions when they arise. I LOVE this book. It gives me great comfort every time one of my kids or I read it.

Someone gave this lovely book to me after I'd lost my precious cat of 18 years. This sweet book brought much comfort to me. Additionally, the illustrations were absolutely wonderful & very unique. So, between the illustrations of the book and the message that it contained, I HIGHLY recommend purchasing this book for your friend or loved one who has lost their pet cat. It is an inexpensive book and so worth the price. In fact, I keep one For Every Cat An Angel as well as For Every Dog An Angel on hand so that it will bring comfort when the time of need arises.
