Customer Reviews

Last Man Alive is one of those sexy reads that you won't want to deny yourself. If there's a line to be drawn as far as being risqué is concerned, this book ventures far past it. Believe me, you'll want it to. It'll become your guilty pleasure. I only know these things because this was the case for me. Author Anya Merchant didn't hold back on this tale of the last man in a desirous world of all women, and it only makes me want more. Can't wait for the next one!

A story that should intrigue males in that it depicts what "might" happen in the event that all males on the planet expire except one. And, then all the women left on the earth have no more chance to mate than this one 'young man'. Some exciting possibilities ensue as well as constant temptations to consummate male lust and desires. Some surprising twists are crafted in the story which keeps it very interesting and unpredictable to its unbelievably satisfying conclusion.

It is well written for that type of book.

I like the premise but the story line was a bit hard to understand. There were so many questions about the how this happened that I felt confused. The sex I understood just fine and enjoyed it.

One of her best collections.
