Tempest And The Warrior (Unearthly World Book Book 7)

Synopsis

Hurting and angry, Cy, a lone Zargonii warrior spends years banished from a planet he loves. Home. The word eats his soul. Planet after planet he travels, but there is only one place for him. His ship crashes during a battle with a mind altering Angano alien, landing him on a desolate planet with a human female and her young son. Tempest is his ticket home. Cy knows if he brings her back to his leader and best friend Titus, who banished him, he will be welcomed. The plan was easy: a human female, her son, Angano blood, and an Angano enemy ship. Cy would be welcomed back with open arms. Right? What could go wrong? Everything. Tempest and her son were abandoned three long years ago by a Tonan warrior, leaving her bitter and betrayed. When a massive alien lands and encourages her to go home with him she is eager to be away with her son from a planet promising only death, yet she is wary. Cy wants something from her, or needs something from her. Is it in her heart to risk another betrayal?

Customer Reviews

Banished from his home world for unforgivable behaviors, Cyrus has been roaming the universe. Alone. He's had plenty of time to mull over his erroneous ways. Will he ever see his home again?

Crash landing on a planet after a run-in with an Angano spaceship, he sees a woman and child under attack. Thus begins an extraordinary adventure; one you'll never forget! This, the long-awaited 7th book in the "Unearthly World" series, is highly satisfying. Cyrus seems an unlikely hero, based on his past behaviors, but he's come a long way from the male who was barred from his planet. The heroine, Tempest, is completely devoted to her young son's care. She finds herself more and more intrigued by the unusual male who has rescued them. All the cast of characters in this drama are well drawn, and, for the most part very likable. There's competition for our heroine (may the best male win!), extraordinary battles with the Angano enemy, confrontations with Zargonnii females, and a walk on the wild side with some young and talented children. Through it all is the growing love story of Cyrus and Tempest; a journey of discovery, appreciation and plenty of humor. An outtake: "I was told they've been doing that since they were tiny." "Disappearing into thin air?" "That's some skill." "I'd kinda like to show you my skills." It culminates in a hugely satisfying finish with an exceptional promise for the future of the Zargonnii, Castian, Tonan and human people. A must-read, especially for lovers of sci-if romance!

Another great "UNEARTHLY " story. I truly appreciate how the author connects her books to each other. Love how the "stand alone " links to the others to kept the whole series together. The only thing I would REALLY LIKE is if at least one of the stories in series had a heroine that was black. ! There's simple Not enough Good paranormal or sci-fi books out there that have a black female lead. I believe this author would be able to pull it off. Just my opinion. Can't wait for the next installment.

Finally Cy has gotten his HEA . This book did not disappoint. It had me from beginning to end. I couldn't put it down. This was a sexy love story with a look at what is to come . I cannot wait for the next one. Mrs Scholey is truly amazing. If you haven't read any of her books you are missing out . What are you waiting for download your copy today.

This book is the seventh in the Unearthly World Series featuring the Zargonni. If you haven't read any in this series, then hurry fast as your fingers can fly to buy the whole series! In book five, we get to know Cy and why he is banished from his planet. This book completes the story of Cy. This story has a well-crafted story line and the editing is top notch, thus my rating of five stars. I loved this story so much, I am now going to turn around and reread it. I have the whole series and have reread all of

them because they are that good! CL, please keep the Zargonni books coming!

I enjoyed this book. Cy needed to learn after his past mistakes and Tempest needed an honorable warrior to save her and Braylon. Fortunately they ended up together and Cy realized his past problems and how to control his temper. There was some previous characters that made a visit in the book and more about the boys who are really gifted. It's another good addition to the series.

Loved Cy and Tempest's story. It took Cy years to realize he and he alone is responsible for his exile. Finding Tempest and her son gives Cy a long with the Angano give Cy the bargaining chip he needs to return home. Along the way his paternal feelings come out for Braydon. The time he spends with Tempest he begins to understand what the Zargannii warriors who have human mates feel. Things become more complicated when Grey, the Tonian warrior, who had claimed Tempest and Braydon comes back into their lives. When the Angano attack, it takes them all to survive. Cy gets help for his new family from Cobra and Titus. Great addition to the series. Loved seeing how past characters are doing, their children growing. Love Cobra, so always happy to see him. Can't wait for the next book!

I really loved the start of this book, with Cy discovering himself as he discovers Tempest. I especially enjoyed his growing relationship with Braylon and how both relationships affect his chances and then his ability to get himself home. A good, strong story in a fun series.

I really enjoyed this new book in this series! The heroine is stranded on a hostile planet with her son by a Tonan warrior. Cy, a Zargonii warrior is banished from his home planet after injuring one of the females there during Holiday. He finds them on this planet when he battles an enemy Angono and crashes there. At first he just sees them as a way to get allowed back home, but as time passes he becomes more emotionally and physically involved with Tempest and fonder of Braylon (her son). The original Tonan warrior, Grey, comes back into the picture and decisions have to be made. Very good story!
