## Customer Reviews

A young nurse working in a Hospital in the city was let go because she was clumsy. The girl was

walking around not knowing what to do when she met a woman who told her that she could find a Groom for her and they left right away. The man worked in a mining town and they were married when she arrived. A must read for those who enjoy historical western romance kindle books from at a special price and from a delightful author who keeps me wondering what next for the characters. A great book.
