Macrame: The Craft Of Creative Knotting For Your Home

Synopsis

In recent months there has been an astonishing resurgence in the striking yet simple craft of macramé (first made popular in the 1970s). In *Macramé*, Fanny Zedenius offers a refreshing twist on the addictive craft. Beginning with the basics, she takes us through all the essentials: what you need to get started, a glossary covering 30 of the most popular knots, tips on how to create different patterns through various knot combinations, and advice on how to hang and display your makes. The book also takes readers through ombre-dyeing, fraying, and customizing with beads, and includes fully illustrated step-by-step instructions for 22 homeware projects such as impressive wall hangings, a beautiful table runner and napkins, whimsical dream catchers, and pretty plant hangers.

"an invaluable resource for igniting the imagination about an ancient craft that combines the earthy elements of rope, a few tools, and fingers."- Publishers Weekly

Fanny Zedenius is the creative mind behind the Instagram profile @Createaholic (11.2K followers). She sells her makes online and hosts macramé workshops – all on top of her day job at the UN Women's National Committee of Sweden. Her work is sought after by interior stylists and has featured in magazines and advertisements, including one for IKEA in October 2016.

i love the project in this book but instruction is a bit hard to understand,.. maybe it was too much as beginner? lol but cant wait to get things made!!

very helpful book i like it

I just got into macrame again and have wasted my money on a few other "how to" books. This one is very clearly written and has a wide variety of beautiful projects - no owls!! Highly recommend

WOW, STUNNING AND PURE FABULOUSNESS! Rekindling your love for the art or just getting started this is the book for you. Step by step instructions, beautiful pictures, inspiring words of encouragement and gorgeous projects to try. This book has it all. Best \$ I've spent in awhile.

This is a great book, especially for beginners. Steps are clear, as well as including recommendations of what materials to use, in other words all the "macrame secrets" you need to know to start working on your macrame project.

Very good informative!
