The ship's boy of the Santa Maria keeps a diary of his adventures in Christopher Columbus's company on that famous 1492 journey. Ages 8-12. Copyright 1992 Reed Business Information, Inc.

Grade 3-6-- Pedro, one of three ship's boys on board the Santa Maria, acknowledges that he was hired on not for his seamanship, but for his ability to read and write. Conrad uses the device of a journal to tell of his adventures with Columbus, a man whom Pedro admires, but who also engages in fiery rages and penitent Hail Marys. The details of mutinous murmurings, falling stars, and false land sightings that are described in Susan Martin's *I Sailed with Columbus* (Overlook, 1991), Miriam Schlein's *I Sailed with Columbus* (HarperCollins, 1991), and Genevieve O'Connor's *The Admiral and the Deck Boy* (Shoe Tree, 1991) appear in this narrative as well, but in a tighter, more concise

telling. Pedro's journal is a vivid revelation of the details of the voyage as well as the time period. Readers see the boy's discomfort in the explorer's proprietary treatment of the natives and, in particular, his shame that these people are allowed to believe that the Spaniards are deities. Koeppen's line drawings, many of the ships and their equipment, add dimension to the plot. One of the most pleasing of this season's Columbus offerings, Conrad's story will serve as an attractive alternative to nonfiction reading on the subject and certainly as a read-aloud. --Sylvia V. Great story depicting a "ship's boy" aboard Christopher Columbus's ship. The author provides some very good insight into Columbus's nature and real attitude. Kids will like hearing the thoughts of the boy throughout the story, and the ending leaves readers with much to talk about after the book is finished.

Chose this book for a unit we were presenting in our gifted class. It was a great read and the class enjoyed it.

Journal written by sailor on board the Santa Maria with Christopher Columbus. Great for children and history loving adults.

We have yet to read this book yet, but I can't wait. I have heard good things about it. Once our other book is finished we will be starting this one

Great book for teaching history. Kids liked journal format. Found enrichment activities online. Good for 4-5 th graders. Would highly recommend vocabulary study to enhance understanding.

Great quick delivery with well described item.

My son really enjoyed reading this book.

I used this book with my 10 yr old homeschooler. It really helped her to understand how different things were back then. It's hard to imagine things different with all the technology we have today. It was an easy read and enjoyable for both us. We read it over Columbus Day and had a search for

"land" right afterwards.
