Fast transaction! A+ thanks

Great book! I enjoy reading Empress Yuajah's books, she's very knowledgeable. Share the word of Jai and learn about the Rasta movement! Ras Tafari

Let me say I am happy that there is a book out here like this. For the most part the Empress did a great job in the basics of Rastafari beliefs. I am no expert either, however some of the things that she is adamant about like you cannot eat meat and you must wear dreadlocks are not definite. They are choices that you come to along your journey and study in Rasta. I do believe in chemical free hair or shall I say natural hair. Also I believe you should eat as healthy as possible and try and avoid as much meat filled with chemicals as possible. If you decide by choice and for sake of your health to put down meat then that is great. Overall the book is very good for those who have a desire to know and undergo the Rastafari way.

This book shed much light on how to be a true Rastafarian and live the life of a Rasta. I really learned a lot.
