Customer Reviews

The Sharp books are always good. Just like the poor man's Hornblower. I suppose I am a romantic as I like the Hero that climbs to the top of the pile in spite of the odds and still retains his moral

values.

Classic, brilliant Sharpe at his best. Cornwell continues with the quality of this series.

No

This is the first time I have read the Sharpe books and they are as good as all his other books. A great way to buy the series but why are the next three books not in the collection

Thoroughly enjoyable, Bernard Cornwell is certainly a master storyteller. I am looking forward to marching into battle with Richard Sharpe again.

It was entertaining and didn't get boring at any stage. You could feel the characters of the story coming to life as you read

A great read
