Customer Reviews

Learn how to find the best company to find items at the best price to start you own ebay, or store

I could have googled this list.

Can not access this book with my iPad!

Does not list the best dropshipping companies, wish it was more extensive or split into categories.

Still has 1 or 2 gems

You can scour the web looking for these sites yourself, or just save the time and purchase this e-book. And it is grouped, so you go to the part you need.

Very comprehensive list of quality dropshippers
