Giant Days Vol. 1

Synopsis

Susan, Esther, and Daisy started at university three weeks ago and became fast friends. Now, away from home for the first time, all three want to reinvent themselves. But in the face of hand-wringing boys, personal experimentation, influenza, mystery-mold, nu-chauvinism, and the willful, unwanted intrusion of academia, they may be lucky just to make it to spring alive. Going off to university is always a time of change and growth, but for Esther, Susan, and Daisy, things are about to get a little weird. *Giant Days* Volume 1, created and written by longtime webcomic creator John Allison (*Bad Machinery*, *Scary Go Round*) and Disney artist Lissa Treiman collects the first four issues of the critically-acclaimed series from BOOM! Box.

Customer Reviews

John Allison is the writer and artist of the webcomics *Bobbins*, *Scary Go Round* and *Bad Machinery*. He lives in Greater Manchester.

I wasn't sure what to expect when I ordered this based on a friend's recommendation, but I was completely blown away! The writing is clever, funny, and on point all the time, and the characters are instantly likeable. The artwork is similarly great, and matches the writing perfectly. It's a slice of life comic without pretension and I can't get enough. As soon as I finished this book I was back online ordering the second. Don't sleep on this one! It's worth every penny!

We follow Susan, Esther, and Daisy as they start their freshman year of college. The three girls move next to each other quickly become close friends. Throughout the graphic novel we tag along as they try to navigate and survive their first year of college. Each girl is very different and I appreciate the variety of their personalities yet how they can all be friends and really support and lookout for each other. Susan is this down to earth girl who we see get tangled in emotions over a guy. Esther appears to be this gothic chick yet she's full of drama and adventure. Then there's Daisy who is just a crack up and I'm leaving it to you to figure her out. The artwork is fun and very cartoonish. I love that the story and art flow so seamlessly together and more than once it had me laughing out loud. For me this graphic novel is much more character driven than the plot, but it did still raise some social, personal, and moral issues which I enjoyed. These girls are so much fun and entertaining. I can't wait to watch them grow through this journey they're on.

This Graphic Novel is good if you are a tween, which I am not, I bought it as I was looking for female orientated graphic Novels, and books. Some sections I did enjoy, and I think this title is awesome for teens or YA. Well done.

...yup...From art to story, so full of glory. Read in one sitting, even when ***tying. 19 words required...done now.

there is not much going on, just the daily happenings of three college students. However, the witty tone and the illustrations really held my interest. i can't wait to purchase the next volume in this series in the near future.

I really enjoyed this volume. I love the fact that it focused on three young women adjusting to life in college. I wish I had this when I was entering my freshman year!

Good book, says my middle schooler.

Great series. Worth reading if you are into non-super hero comics.
