### Synopsis

Shakespeare's Gardens is a highly illustrated, informative book about the gardens that William Shakespeare knew as a boy and tended as a man, published to coincide with the 400th anniversary of Shakespeare's death in April 2016. This anniversary will be the focus of literary celebration of the man's life and work throughout the English speaking world and beyond. The book will focus on the gardens that Shakespeare knew, including the five gardens in Stratford upon Avon in which he gardened and explored. From his birthplace in Henley Street, to his childhood playground at Mary Arden's Farm, to his courting days at Anne Hathaway's Cottage and his final home at New Place - where he created a garden to reflect his fame and wealth. Cared for by the Shakespeare Birthplace Trust, these gardens are continually evolving to reflect our ongoing knowledge of his life. The book will also explore the plants that Shakespeare knew and wrote about in 17th century England: their use in his work and the meanings that his audiences would have picked up on - including mulberries, roses, daffodils, pansies, herbs and a host of other flowers. More than four centuries after the playwright lived, whenever we think of thyme, violets or roses, we more often than not still remember a quote from the 39 plays and 154 sonnets written by him.

Lovely book of photography, with descriptions of all of the gardens in Shakespeare's life, including his parents' home garden, his house in Stratford-on-Avon, and the garden at his wife's childhood cottage (Anne Hathaway's cottage).

This book inspires garden dreams, as it shows us five of Shakespeare $\tilde{A}fA\phi\bar{A}$   $\hat{a} \rightarrow \tilde{A}$   $\hat{a}_{a}\phi$ s gardens in the area of Stratford-upon-Avon, including Anne Hathaway $\tilde{A}fA\phi\bar{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{a}\phi$ s cottage and his final home and gardens at New Place. One of the homes, Mary Arden $\tilde{A}fA\phi\bar{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{a}\phi$ s Farm, was where his mother grew up and it is run as a working old fashioned farm today where Tudor farming and garden techniques are used. Anne Hathaway $\tilde{A}fA\phi\bar{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{a}\phi$ s Cottage, where his wife grew up, now has the ideal English country gardens. Flowers, herbs, vegetables including Chenopodium bonus-henricus or Good King Henry, black currant, lovage, artichokes are still grown here. When he was 33 Shakespeare bought the run down New Place in 1597 as a home for him, his wife and their two daughters. There he created a home and gardens that reflected his status as a well known playwright and poet. He lived there until his death at 52. You will find ideas for growing plants from Shakespeare $\tilde{A}fA\phi\bar{A}$   $\hat{a} \neg \tilde{A}$   $\hat{a}_{a}\phi$ s time and a renewed interest in his life in these vibrant pages. This book is a great treat for any gardener.
