Customer Reviews

My 3 year nephew is OBSESSED with trains, and Mickey Mouse, so naturally he is obsessed with this episode of the Mickey Mouse clubhouse! I was so excited when I came across this book! He loves it and it comes with stickers and a scene page in the book to put the stickers. I just wish the stickers were reusable. He likes to move them and if course they ripped when he tried to peel one back off. But for 3 bucks I would definitely recommend!

This book is wonderful for the price! The book is sturdier than regular paper back, but not a board book. It has flaps on each page that my toddler loves to open, comes with stickers and a page in the book where stickers can be re-use, plus some other fun activity pages. My 2 1/2 year old insists on this book every night!

Excellent pop up book. It also has really nice stockers for the few pages of activities in the back of the book. Our two year old is a huge Mickey Mouse fan and she loves all these books. At \$3 bucks, it's a steal.

My son is in love with Mickey Mouse so of course he liked this book. It has a great story inside. We have read it about 3 times now.

child loved it great price

Cute book to go with the Lego Mickey & Minnie Birthday Parade Building Kit.

Great little book!. My son loves mickey mouse and books can get expensive. When I saw this for the price I had to pick it up. He loves it!

This was an x-mas gift for my 4 year old great-granddaughter. When my son was small, he loved trains and we had to go to several locations to find a train so he could watch it as it passed. Now he has passed the tradition on to his own grandbaby. She is crazy about trains & Mickey Mouse, and is in the early stages of learning to read, so we are delighted with the book, and she as well!
