Smith's Bible Dictionary

Synopsis

The book 'A Dictionary of the Bible', was originally put together under the editorial supervision of William Smith in 1863. It was a three volume set published in London and Boston. Later it was expanded to a 4 volume set, which was published in 1893 under the title 'A Dictionary of the Bible comprising its antiquities, biography, geography, and natural history'. Today we know this monumental work as Smith's Bible Dictionary. It is a collection of over 4500 entries on words found in the Bible. It contains explanations that help place the people, places and events in their historical context. It also references the parts of the Bible which are relevant to each word. This Kindle version of Smith's Dictionary contains a table of contents for each letter of the dictionary and is cross-referenced for each entry. It also contains the entire King James Version (KJV) of the Bible which is linked to the references in the entries.

Customer Reviews

I love this dictionary but it is NOT mobile friendly. I couldn't find a way to get to contents or even an alphabet. Fix that and I would be rating it 4.5. The paperback I have is still my favorite!

Great dictionary it list all of Antiochus the Egyptians are black and much more it also tells you the hebrew word for every word definition nice dictionary to get dont let it pass you by cheap and worth it

Want to know about how Hebrews could become slaves to each other? Or exactly what the ancient Holy Days were all about? How about the various foods, plants, clothing and jewelry mentioned in the Old Testament? Smith's, the quintessential Bible dictionary, will add a context to your in depth Bible study that will cement imagery in your head that will make your studies more productive and your memories more vivid and long-lasting. And when it comes to the Bible, context is everything. We are so far removed from our religious ancestors in time and culture that to rely simply on the Bible text is to fail to understand those wonderful people.

A very informative and helpful Bible Dictionary. This is my 3rd purchase of it for gifts also.

Simple and easy to use. Some bible dictionaries are for scholars and no one else. Smiths is for everyone else. Thanks

Wonderful resource.

I think this dictionary is okay for beginners and those reaching intermediate in their biblical studies...I was looking for a more in depth dictionary and more words covered than the 'Smith Bible Dictionary' offers....It does have a lot of drawings (black and white) that some may feel are helpful....

Great. Informative. Great purchase.
