Counterattack (Robot Wars, Book 4)

Synopsis

Set at an experimental community on Mars in the year 2039-2040, *Robot Wars* features 14-year-old virtual reality specialist Tyce Sanders. Life on the Red Planet is not always easy, but it is definitely exciting. As Tyce explores his strange surroundings, he finds that the mysteries of the planet point to his greatest discovery—a new relationship with God. He talks about his growing faith and curiosity in a manner that kids can relate to as they are probably wondering some of the same things. Book four, *Counterattack*, opens with Tyce and some of the Mars Project's staff captured in a prison; they end up in prison while carrying out a special mission on Earth. Tyce has to figure out a way to fulfill their mission and rescue kids—all before a world war breaks out.

Great series! As a 40 year old man I enjoyed it just as much as my 11 year old son whom I bought it for.

My ten year old son loves this series, and most all of Brouwer's books.

Great book because you learn about God and is a action filled adventure. There are so many great things about this book. Recommended to everyone

Great series! this book is my favorite in the series.

My son who is 12 has devoured this series! It is hard to find clean fiction for boys this age. I beg the author to come up with more like this... My son finishes them in a day and its nice to see his nose in a book!

It's hard to find good, clean fiction for young boys, but Robot Wars hits the mark. My 13-year-old brother loves the series and could hardly wait for the next book to see what happened to Tyce and company.
