Final Battle (Robot Wars, Book 5)

Synopsis

Set at an experimental community on Mars in the year 2039-2040, Robot Wars features 14-year-old virtual reality specialist Tyce Sanders. Life on the Red Planet is not always easy, but it is definitely exciting. As Tyce explores his strange surroundings, he finds that the mysteries of the planet point to his greatest discovery—a new relationship with God. He talks about his growing faith and curiosity in a manner that kids can relate to as they are probably wondering some of the same things. Book five, Final Battle, begins with Tyce's threat to reveal his special talents to the world—much to the dismay of the rebels who want to keep the technology a secret. Tyce has to battle the rebels and their plot while trying to return to Mars. The success of the entire Mars Project depends on his every move.

Customer Reviews

Life in an experimental community on Mars is filled with adventure, new discoveries, and questions. As 14-year-old virtual-reality specialist Tyce Sanders searches for truth, he battles forces of evil—all while struggling to believe in God. In book five, Tyce threatens to reveal his special talents to the world—much to the dismay of the rebels who want to keep the technology a secret. Tyce has to battle the rebels and their plot while trying to return to Mars. The success of the entire Mars Project depends on his every move.

Thank You

Our family has loved this entire series (kids-9, 13, 15) and have anxiously awaited each evening's reading. Chapters are nice and short so we can read one or more. The characters respond in realistic ways (no one's perfect!) and I think my kids can relate to the kids in the book. Each book can potentially stand alone (each one provides background explanation) but definitely worth starting at the beginning.

Highly recommend entire series. No objectionable content that I'm aware of. Full of intrigue and excitement. Engaging. These books get reread in our house. Definitely a great read-alone for ages 10 and up. Would also recommend for an 8 or 9 year-old as a read-alone or read-to.

Thought provoking in the realization that this universe was divinely created. The undertones presented in the material show the fallacy of evolution. Once again true Science shows the many holes in evolution, and the author presents these UN-refutable facts to the reader. I enjoyed reading the material.

Great series! As a 40 year old man I enjoyed it just as much as my 11 year old son whom I bought it for.

I bought the first 4 books in the series for my 14 year old grandson not realizing that there was a 5th volume. He's been clamoring for the last book. That is saying something! (He's not an avid reader.)

My 10-y-o son LOVES this series!

My boys are 14 and 10. They both love all of Tyce's adventures. We read it together, the talks that come out of this family time are both spiritual and fun!
