Use Of Force: A Thriller (The Scot Harvath Series)

Synopsis

With his latest pulse-pounding adventure, Brad Thor puts the rest of the genre on notice. Use of Force is the thriller to beat in 2017. The Real Book Spy From #1 New York Times bestselling author Brad Thor. As a storm rages across the Mediterranean Sea, a terrifying distress call is made to the Italian Coast Guard. Days later, a body washes ashore. Identified as a high value terrorism suspect (who had disappeared three years prior), his name sends panic through the Central Intelligence Agency. Where was he headed? What was he planning? And could he be connected to the spectacular attack they have been fearing all summer? In a race against time, the CIA taps an unorthodox source to get answers: Navy SEAL turned covert counterterrorism operative, Scot Harvath. Hired on a black contract, Harvath will provide the deniability the United States needs, while he breaks every rule along the way. Packed with pulse-pounding action, fascinating characters, and electrifying intrigue, Brad Thor does it again and proves why he is known around the world as the Master of Thrillers.

Another Scot Harvath and another great read. Thor rarely disappoints. Always look forward to Scot's next adventure and would love to see Thor co-write an adventure with Ben Coes so we could see Scot and Dewey together making things right. The 4 stars is only a gesture on my part to see if we can get these thriller writers to spend a little more time in other places than the middle east. I know - this wasn't all in the middle east. But the terrorists are all starting to look the same.

Thor always a good read and I always look for Thor stories. Though I did enjoy this story, it was not quite as exciting as others I've read. Will still look forward to more of his work.

Brad Thor has written another winning thriller. While this one may not be as good as some of his earlier works, Use of Force is a nice read. I would recommend it for every Brad Thor or readers of

thrillers...

Loved the book as had so many current event references and Harvath was as strong as ever. Moved fast and if our guys are doing what he does - amazing! We are lucky to have our special forces to protect and defend!

I suppose I could go into a whole diatribe and recite the first few chapters like a lot of reads do when writing a review. But I think it is best to just say it was a great read, and if you like this kind of genres or even if you don't you should read it. Great work Mr. Thor!! hope that was not too technical of a review.

Brad Thor continues to be one of the absolute best action writers today! Fast paced, well developed plots and characters - can do any better. Please continue!!!!

This book raised my anxiety level so that I did not put this book down. A plausible plan by terrorists makes the plot so realistic . Read and enjoy the adventure.

Full of action.. This is a real page turner. I hate how fast I plow through these books. The stories have twists and turns and very fast paced. Great book series.
