Beasting Beauty (Possessing Beauty Book 1)

Synopsis

One taste of her sweet untouched innocence, and I'll lose all control. They call me a beast, though I was a prince, once. I still am, even if I've spent the last four years shutting myself away from the world because of the darkness inside of me. But royal duty has left me no choice but to attend a "suitor's ball" in a neighboring kingdom. Finding a wife is the very last thing on my mind, until the moment I lay eyes on her - the far too sweet, far too innocent, far too untouchable Princess Isla. One look at those big dark eyes and luscious curves, and I need to possess her. One taste of those lips, and I lose control of the beast inside. One touch of her soft, untouched body against mine, and she belongs to me. Forget that she's off-limits. Forget that she's never been touched. Forget the darkness hanging over my head and clawing at my past. I'm claiming this princess tonight. First, I'll take her as my queen. Then, I'll take her in my bed. Princess Isla's unchained the beast, and I won't rest until I've claimed her in every way I can. *Please note that each of the Possessing Beauty books are completely standalone stories centered around one couple, with no cliffhangers. Beasting Beauty is a quick and filthy modern twist on a fairytale involving a dark, utterly obsessed alpha hero and enough insta-love, kindle-melting steam, and sugary-sweetness to give you the vapors. If you love over-the-top, slightly unrealistic, and wildly dirty stories, this one's for you! HEA with NO CHEATING!

King Lucian is having a Ball at his palace and is presenting his three virgin daughters in hope of finding husbands. This is the first book on the series. This is timed in the present. Isla is immediately captivated by Prince Logan. But Logan has a secret. He is cursed and a nasty beast lives within him. A beast that wants innocent Isla for his own. This is an interesting modern take on Beauty and the Beast. It is a quick afternoon read and one I couldn't put down until I finished. Can't wait for the next one in the series. The sex scenes are hot and I immediately rooted for Logan. Five stars.

I loved the characters and the plot kept me reading non-stop. The series is a must read.

This book was very primal and the Madison achieved 0-60 without any effort at all. Leave your panties at home when reading this because it will take you straight into the arms of the beast and you will want to stay there.

would love to read more from this author. and more about these characters

Quick read that has all the guilty things you want in a quick romance. Good for what it was.

I know there are three of these coming and there are three sisters and a good friend so I'm hoping that they all get their story with the next two books. So good! Isla is one of those three sisters and her parents are having a fancy ball to introduce their daughters to eligible princes from other kingdoms. Logan THE BEAST has come only b/c he must, not expecting anything. He's been disinterested in sex since his curse. One look at Isla from across the room and that changes quickly. Short book, insta-love, much naughty goings on. LOVED IT! Ms. Faye has packed a lot of actual story into a few pages. Other sisters: Imogen and Ilana; good friend, Adele. Their "situations" are hinted at during Isla's story. Can't wait for the next two books.

I absolutely loved this modern-day Cinderella story. I like the raw twist you put on it. Isla was a perfect Beauty to the Beast in Logan. I can't wait to read Adele, Imogene and Ileana' stories. Well written and just enough raunch to keep you reading without skipping to the end. Great job!

Prince Logan and Princess Isla story is wild
