# Twist Of Fate (Kings Of Chaos Book 6)

## Synopsis

Shayne Spencer wasn't the man of my dreams. A twist of fate placed us in the confines of my family's food truck. The attraction between us was a force of nature we couldn't ignore. The bonds we formed made me believe in forever, and gave me the courage to break free from the chains of tradition. Then fate took another turn, and I learned Shayne wasn't who he said he was. Now I'm forced to question everything I thought I knew. I went on a mission for the Kings of Chaos looking for redemption and reconciliation with my hate-filled past. What I found was the greatest treasure I never knew I was seeking, Xia Foley. I should never have gotten involved with the brown-skinned woman. My hands are stained with the dirt I've done and the choices I made. Will my past as the reformed son of a racist traitor ruin my chance at creating a future worth living?

## Customer Reviews

OMG I think I say this about all of Shyla Colt's books. I have been waiting for this story. I was worried about what would happen to Charm after the KOC had to do what they did to Mouth. I like

the dynamic between Xia and Shayne (Charm). Shyla dealt well with his demons as well as her demons. I was worried if I would get the HEA but I knew the Shyla would not let me down. Once again. She dealt others a difficult subject matter where all parties were able to be vulnerable and transparent. Another great storyline ok so whose next

Sometimes you can pick your REAL family ; the people who have your best interests at heart . Then there are the times when you have /need to stand up to your family. I couldn't put this book down I could feel the emotion as well as the tension placed on both Shayne and Xia. Looking forward to Stone's story.

Shayne and Xia met under unusual circumstances but it was love at first sight. They are explosive together and each other soulmate. Although, Shayne had a shady past but he put Xia needs first. The supporting characters are hilarious with some crazy drama. This book shows true meaning of love, trust and respect.

There were so many things I loved about this book! First was the heroine - Xia. I loved reading about a proud Harry Potter loving nerd girl who decided to stop hiding behind the persona her family wanted and become her own woman. Shayne was all alpha, but man enough to be there for her every step of the way in her journey. Xia also allowed Shayne to find and just be himself - not the biker he's always been known as. The chemistry between these two was off the charts but so was their commitment to each other. Of course, there were 1 or 2 elephants in the room that you just knew were going to be explosive but I loved reading about it all. Did I also mention there were food trucks and unicorns? Like I said there were tons of things I loved about this book and I know others will enjoy it too. The author did a great job and I can't wait to read what's next.

I was really excited to read Charming's story. I loved the growth this character made. He really lived up to his name. He starts out lost and ashamed of his past and then he meets Xia who is awesome. Loved them together. They made each other step out of their comfort zone. And the unicorn was amazing

Isn't it funny how you can meet someone, take the time to get to know them only to find out you really don't know them after all? That's what Xia had to come to terms with when she fell in love with Shayne. Shayne is trying find himself and along the way he finds Xia. He knows he doesn't deserve

her but he'll do anything not just to have her but keep her including sharing with her a past that could ultimately cause him to lose her. But know one ever said finding and keeping love would be easy, right? Xia and Shayne were kind of thrown together unexpectedly and I wasn't sure these two would click but I'm glad I was wrong. Xia needed some one who encouraged her to be herself and Shayne needed some one to help him realize that he was only responsible for his actions and that he was worthy of forgiveness and second. I loved the fact that Xi was a strong independent woman not looking for some man to come along and rescue her, but instead was just looking for the right man to compliment and support her as she blossomed. I really enjoyed this couple finding themselves through trial and error and in turn finding each other. I give this one

5 stars.

I enjoyed this story immensely! I thought I loved his brother but Shayne was all that. It was definitely worth wait by far my favorite yet. I really hope Ms. Colt will revisit this awesome couple in the near future. Great job!!
