## Customer Reviews

I like the historical perspective provided, but I was looking for more of a scripture by scripture type of account. That's not how this book is handled. More of summaries.

Not what I expected. I expected a more in depth history of the bible and not necessarily the stories, but where they came from.

Great read.

Love it

Not as detailed as I thought it would be. Glosses over the topics too quickly. I found the "slang" offensive. Perhaps a younger reader was the target audience.

A good basic easy to read guide to begin with. I read it over time and now will reread it for better understanding.

Not what I thought

speedy delivery and easy to read....
