Like any guide, some of the recommendations were good and on target. Others...not so much. Some of the information was incorrect. I thought at first it was because of the time it went to print. Turns out, some of the opening hours/days never actually existed in the first place. I'm not sure I'd purchase this guide again.

This booklet provides information for each of the Amsterdam areas. It seems not real user friendly. The metro map is useful.

WOW! This is the best ever for touring. I ordered another book first - all about the history of Amsterdam. But this? SO MUCH BETTER! Maps, reviews, ideas - all great!

lots of info in small package and low price

This book was just right for the top spots to visit on a few days in Amsterdam. Great, succinct overview of the city and how to navigate it, including a great, detailed map. Worth the purchase!

So much information!

included the map!

Found the information timely and useful.
