# The Official Dawson's Creek Scrapbook

## Synopsis

The official collectors' edition is a must-have for every fan. Here's the behind-the-scenes scoop on today's hottest TV show and its stars: Katie Holmes (Joey), James Van Der Beek (Dawson), Joshua Jackson (Pacey), and Michelle Williams (Jen). This scrapbook is packed with information about the show, including: Behind-the-scenes news about the stars A "Did You Know" section of extra facts about the show How "Dawson's Creek" came to be-- straight from Kevin Williamson, the hit TV show's creator What made it into the show-- and what didn't: actual script reproductions from the pilot episode "Dawson fasten your seat belt. It's going to be a bumpy life," and other favorite character quotes Styles of the stars And over 80 full-color photos: close-up after close-up of your favorite characters, great group shots, and scenic images of Capeside, the place that Joey, Dawson, Pacey, and Jen call home. The real thing, straight from the show.

Paperback: 48 pages

Publisher: Gallery; Original edition (October 1, 1998)

Language: English

ISBN-10: 0671026739

ISBN-13: 978-0671026738

Product Dimensions: 9.8 x 8.5 x 0.1 inches

Shipping Weight: 7.2 ounces

Average Customer Review: 4.0 out of 5 stars 7 customer reviews

Best Sellers Rank: #3,338,513 in Books (See Top 100 in Books) #62 in [Books > Teens > Art, Music & Photography > Performing Arts > TV & Radio](#) #1410 in [Books > Teens > Literature & Fiction > TV, Movie, Video Game Adaptations](#) #8675 in [Books > Teens > Literature & Fiction > Social & Family Issues > Family](#)

## Customer Reviews

This book will be a keepsake for me - there is so much great information complete with photos and facts. I strongly recommend it if you are a Dawson's Creek fan!

This is a pretty cool little scrapbook, and great for a Dawson's Creek fan. If it included more information it would be rated higher.

I made my way to the WB as a result of "Buffy the Vampire Slayer," so while I knew that "Dawson's

Creek" was their teen soap opera but when a SNL skit made reference to Pacey I thought that was a different name for a girl. But when my students in Popular Culture begged to be able to write about this show for their television papers I started watching it (the gang was graduating from Capeside High in that episode). Last month when the show went into syndication and was available on DVD I was able to go back and watch the show all the way from the beginning and on through the grand finale (For the record, no, I was not surprised by who died or who Joey picked, not that I necessarily approved of either decision). In that context it is interesting to check out "Dawson's Creek: The Official Scrapbook" and relive the beginning once more. The most interesting thing is that Kevin Williamson and the producers clearly thought that Michelle Williams as Jen, who had been an alien in "Species" and was about to co-star in "Dick" with Kirsten Dunst, was supposed to be the main female on the show. Of course, it ended up being Katie Holmes as Joey. Then there was the matter of Dawson's hair during that first season, which might not have made James Van Der Beek look five years young, but certainly made him look immature (although the book claims the look is supposed to be "poetic"). Then there are the "More than 80 photos!" promised on the cover, almost all of which are the four main heartthrobs in various combinations (but none of Joey and Pacey, oddly enough), and which easily convince me that Michelle Williams smiling and showing her teeth looks a lot better than smiling with just her lips (you have to pay attention to details like this to really appreciate a show). The main thing is that this scrapbook is fan friendly. You get short bios of both the four characters and the actors playing them, shots of the locations where the show was filmed, shots of some of the favorite scenes, and the best lines from the first season (e.g., "I just think out emerging hormones are destined to alter our relationship and I'm trying to limit the fallout"). There is also a brief section on "Styles of the Stars" where we learn Pacey is "a D student with a Julius Caesar haircut" and a couple of pages of actual scripts from the show (that is "couple" as in two). The chief attraction remains the inside tidbits, as to who was creator Kevin Williamson's high school sweetheart that served as the model for Joey (Fanny Norwood), the name of Josh Jackson's Rhodesian Ridgeback (Shumba), and where they film the exterior scenes for Capeside High (University of North Carolina at Wilmington). So, what you end up with is not great, but certainly worthwhile at this price.

This book is a must have of any Dawson's Creek fan! The book doesn't have a story line like any other Dawson's Creek book but describe the lives of the 4 main characters in the Creek and in real life. By reading this book you find out about the star's past , present and future television and film jobs . The book gives you information about which star bring's his dog to work every day , what

starsign they are and what there nick-names were ! You also find out about the characters in the creek which is a great help to those people who haven't seen Dawson's Creek and don't know the back grounds of all the characters. If this hasn't grasped you there is a piece by the producer Kevin Wialliamson with his thoughts and comments. The book also has a copy of some of the original T.V script with Kevin Williamson comments . My favourite part of the book is a page full of some of the most famous quotes ever in Dawson's Creek which reminds you of past events in the Creek. Over all I find this book a inspiring guide to the minds of 4 of the most confused teenagers which makes it a perfect guide to Dawson's Creek!

This is good for fans of dawsons creek. Its full of pictures, but most are from the first season. Its not got a story line or anything its, just something to look threw that you would do very quickly and probably never look at again. If you just love the show, your gonna want to get this, but i would recoment getting one of the Dawsons Creek novels instead because they are far more entertaining!

The book is a must have even though the true fans probably already know all of this stuff. The book has the best quotes and tells about the characters and the actors. The only thing people don't probably know is about the changes in the piot script. Over all its a pretty good book.

Its cool if you like dawsons creek. Its about the cast and characters, their history and life, behind the scenes, best catchphrases and some scripts from the show.
